

COLORADO IN  
FRESNO'S FIXTerminal Rate Agitation Is Up  
to Commission.Railroads Charged Higher  
Tariff to Intermediate  
Points.

WASHINGTON, Oct. 22.—A complaint in which the long and short haul question and inequity, the Standard Oil company, figure, was filed today with the interstate commerce commission.

The complaint is by the Merchants' Traffic association of Denver, an organization formed to promote the welfare of Denver and Colorado state points, and the defendants are the Denver & Rio Grande, Colorado Midland, Atchafalaya, Topeka & Santa Fe, C. & N. W. C. R. I. & P., Chicago and North Western Colorado and Southern, Missouri Pacific and Union Pacific railroads.

The complaint charges that the defendant lines charge a greater freight rate to Leadville, Glenwood Springs and Grand Junction and to intermediate Colorado points, than to Salt Lake and Ogden, and other points in Utah, 200 miles further from Chicago than the Colorado points.

It is pointed out in the petition that no such discrimination is practiced in the transportation of oil, the rates to Colorado and Utah points from Chicago being identical, because, the petition alleges, the Standard Oil company "by reason of its great power and influence, has been able to exact from the said defendant railroads, a due observance of the said act of congress for the regulation of interstate commerce."

SURVIVORS OF  
HOUSE BOATFour Brought Into Mobile By a  
Steamer.They Say Seventy-nine Were  
Drowned from One Boat  
During Storm.

MOBILE, Ala., Oct. 22.—The Mat-lary liner Colorado, which arrived in port today, had as passengers, Jose Nelson, Charles Olson, Charles Anderson and Otto Brink, who were picked up at sea Saturday morning, ninety miles off Key West. Nelson says he saw seventy-nine men drowned from a house boat, which was wrecked off Long Key, Fla., in last week's storm.

The four men were found by the Colorado's crew standing on a raft made out of six logs and were in the water waist deep at the time. Nelson said he and the other men were on a house boat at Long Key when the hurricane struck them and blew the boat to sea. It soon went to pieces and out of the 125 people on board, seventy-nine were drowned; he says, right before his eyes. The other forty-two have since been taken into Jacksonville, Fla. The men suffered terrible hardships.

They say that the loss of life was heavier off Long Key than any other point. The men were employed by the Florida East Coast railway on their extension work through the Florida swamps from Miami to Key West.

PRESIDENT'S PLANS  
FOR PANAMA TRIPBattleship Louisiana Will Convey  
the Executive Party, Escorted  
By Two Cruisers.

PHILADELPHIA, Oct. 22.—(Associated Press.) The battleship Louisiana will leave on about Nov. 14 for Hampton Roads. The Tennessee, it is said, will pass out a couple days later, and the two warships will act as an escort for President Roosevelt on his trip to Panama.

The President has selected the new battleship Louisiana for his flagship during the voyage. His plan was to go to the Louisiana at New York on Nov. 15. It is possible, however, that he will go down the Potomac and meet the Louisiana. The trip will require about six days each way.

A farewell ball given by the officers and men of the Tennessee, will take place tomorrow night.

SECRETARY TAFT IS  
TO HELP UNCLE JOE  
AND THEN GO WEST

WASHINGTON, Oct. 22.—Tentative arrangements for Secretary Taft's speaking tour provide that after leaving Ohio he may address the voters in Speaker Cannon's district and from there go to Idaho. While in the West, he will inspect a number of army posts with a view to carrying forward his plans for the abandonment of small posts and the concentration of troops in regimental and brigade posts.

MOBILE, Ala., Oct. 22.—Joseph Nelson, one of the six men rescued from the recent storm and brought here today, said he saw seventy-nine men drowned from a house boat which was wrecked near Long Key, Fla.

MANEUVERS  
BY CHINESEImperial Army Has Sham Bat-  
tle Near Chantefu.Thirty Thousand Well Equip-  
ped and European Drilled  
Troops Engaged.

CHANGTEFU, Province of Honan, China, Oct. 22.—The autumn maneuvers of the Chinese imperial army began today in the neighborhood of Changtefu. About 30,000 troops from the provinces of Honan, Hupeh, Chihli and Shantung are engaged, under the command of Tuan Shih Kai, commander-in-chief of the Chinese forces, and General Thilgung, including cavalry, infantry and artillery, the latter army consisting of 130 guns.

According to the scheme of operations, a southern army, composed of the Hupeh and Honan forces, is supposed to have landed by the Yang Tze valley and one wing is endeavoring to reach Peking by way of the Peking and Hankow railroad, and a northern army, composed of the Chihli and Shantung troops, is compelled to defend the capital at short notice.

The troops engaged in the operations are equipped with the most modern rifles and guns and present an appearance highly creditable to the foreign officers who have trained and drilled them. The maneuvers have evoked the greatest interest in foreign countries. No less than thirty military attaches of foreign powers are closely following the operations, which will conclude with a grand review and entertainment of the foreign guard and by the officials of the provinces and officers of the Chinese army.

BLIND GIRLS  
NAB BURGLARExtraordinary Capture in an  
Oakland Institution.Marauder Was Seized By Cap-  
tors Who Hung on De-  
spite His Blows.

OAKLAND, Oct. 22.—Jennie Hughes and Nellie Bonneau, girls of about 18, attendants at the home of the blind, on Telegraph avenue and Thirty-sixth street, captured a burglar after a desperate struggle under extraordinary circumstances. When the burglar, detected in the act of stealing, sought to tear himself loose from his captors in his frantic efforts to escape, they clung to him closely, although he struck them, trampled on them and dragged them screaming down two flights of stairs in his vain endeavor to secure freedom. The screams of the girls, the curses of the burglar, the noise of the scuffle and struggle in the middle of the night, aroused the attendants and the sightless inmates of the institution, and there was a scene of panic among the blind inmates, who nervously groped their way from their rooms, believing the place was on fire.

When Clark Williston, awakened by the screams, jumped out into the dimly lighted hallway, he found the two girls clung to their night robes, feverishly struggling with a stoutly built man, who was dragging them down the stairs, by his main strength. Miss Hughes had clutched the intruder with both hands around the throat, and Miss Bonneau had a grip on both hips of his coat, and there the two captives hung. In an instant Williston sprang to the rescue and he was quickly joined by Nightwatchman Wood. The burglar was promptly secured and turned over to the police.

Before being removed to the police station the captive said his name was Joseph Bates and that he lived in Hayward.

THEOSOPHICAL LEADER  
AND CUBA'S DISTRESSMrs. Catherine Tingley Makes An  
Appeal for Those Affected  
By Cyclone.

SAN DIEGO, Oct. 22.—Mrs. Katherine Tingley, head of the Universal Brotherhood and Theosophical society, has received by cable information of the great suffering entailed by the cyclone which swept over the western part of Cuba, including Havana and Pinar del Rio, where the society has a large school similar to the one on Point Loma. Those affected most seriously by the disaster are Cuban families of the poor classes, who have had their homes completely destroyed. The suffering cannot be estimated in America, and today there are many old women and helpless mothers and children exposed to the lack of shelter due to the almost daily rain storms. Mrs. Tingley has made an appeal for aid and tomorrow evening will address a public meeting at the Isis theater.

White Slave Trade Suppression. PARIS, Oct. 22.—Nine countries, among which the United States is not included, were represented at the opening here today of the congress for the suppression of the white slave trade. In the opening speech, the Earl of Aberdeen, who presided, announced that new committees had been formed in Egypt and Argentina.

PROGRESS OF  
N. Y. FIGHTW. R. Hearst Spoke at Madi-  
son Square Garden.Hughes Addressed Big Audi-  
ence at Kingston—League  
Won a Victory.

NEW YORK, Oct. 22.—Political activity was renewed with energy today by the gubernatorial candidates, upon whom thus far has rested the burden of the campaign. Both held in formal conferences with leaders among their supporters during the day and tonight appeared before large audiences.

The Independence league held a meeting at Madison Square garden, where all who could get inside heard William R. Hearst, the league's candidate for governor, and other candidates on the league and Democratic tickets. The Tammany hall committee, which had planned to turn the city today in automobiles, holding many outdoor meetings, abandoned the trip at the last moment, in deference to the gathering at the garden.

Charles E. Hughes, the Republican nominee for governor, after a talk with State Chairman Woodruff this afternoon, left for Kingston, where he spoke tonight.

Charles F. Murphy, leader of Tammany hall, was out with a statement today. He again declared Tammany's allegiance to the Independence league as represented in the Democratic state ticket, and predicted the election of Hearst.

The Independence league won a victory, possibly of considerable consequence, when the board of elections decided that the managers of the league having named a full state ticket, were entitled to say what candidates should be placed under the scales, the emblem of the league. The action of the board will come before the Supreme court for review tomorrow. Should the courts sustain the opinion of the board, many Democrats nominated by petition, will have no place in the league column on the official ballot.

The announcement that William R. Hearst, as well as other candidates, would address a meeting held under the auspices of the Independence league tonight, served to draw a crowd that put a premium on standing room in Madison Square garden.

Hearst made the principal speech. His arrival and his appearance upon the platform were signals for enthusiastic demonstrations and the applause was renewed frequently.

Hearst had much to say concerning corporations and touching the rights of his opponent on the Republican ticket. He opened his address by saying that he had just returned from a tour up state in the so-called Republican counties, and declared that he would come down to Harlem river with a majority, and that all the votes he would get in the city would be "reluctant." He believed, he said, that he would be elected governor by a majority of 150,000.

Hearst told how he had fought the trusts in the interests of the people. He filled out and killed the "gas and fuel trust" and next tackled the "ice trust," and put the "ice trust mayor" out of business. He then made war on the "beef trust" and the real estate system.

"I have been told," said Hearst, "that I have made exempt political deals, and I have made no deals at all. I have made no more deals with Murphy than I have with McCarran."

Lying Newspapers. Hearst continued:

"If the lying newspaper proprietors and editors of this town were all put on oath before the grand jury there is hardly a political statement they have made during this campaign that they would not be compelled to retract and admit false in every particular."

Disgraceful Spectacle. "There never has been a more disgraceful spectacle in American journalism than this long line of curious editors, cheerfully having their lies to heaven, like dogs baying at the moon. There has never been a more pitiful sight than the crowd of New York newspaper proprietors, degenerate representatives of commercialism, rather than journalism, who are spotted from head to foot with the mire in which they have been wallowing, and who are crying for mercy and advice. 'Through and through, this mud some of it may stick,' and most of it has stuck to the trousers."

Papers Not a Trust. "They have told you that my newspapers were a trust, as if the people of New York were ignorant children and did not know what a trust was. A trust is a combination formed to raise the price of a product or limit the output."

"When I come to this city I did not intend the crime of newspapers, but I did not, and I not only cut the price, but doubled the output."

Says He Is Sincere. "These friends of mine and my political opponents tell you I am sincere. Sincerity is to say something you don't mean; to profess something you are not willing to perform. How can my opponent honestly question my sincerity when he himself only works for hire and serves either the corporations of the state, according to which companies him best, or pays him best?"

"If any one of you, or all of you, should think that your welfare or the general welfare is best promoted by retaining the Republican party in power, I shall not complain as long as, when you cast your vote, you at least say Hearst is a sincere man, and whether elected or not, he will continue to do his best to serve the interests of his fellow-citizens."

FILIPINOS IN  
JUBILANT MOODProposed Native Control Is of  
Course Pleasing.Recommendations of Gover-  
nors' Assembly Will Make  
Radical Changes.

MANILA, Oct. 22.—The native press is jubilant over the proposed changes in provincial boards and declares faith in the promises of the government. Some give credit to Governor General Smith for the results of the assembly of governors. Foreigners, however, are withholding expression of the assembly's recommendations.

The native papers believe that the proposed changes will be beneficial at this time and that congress will approve of the suggested changes. The governors' assembly also recommends that Filipinos be made assistants to the heads of bureau departments and that governors and municipal presidents be given the power to pardon in cases not involving fines in excess of 200 pesos. Many minor recommendations are also made.

The chief recommendation of the governors' assembly is that the manner of the selection of provincial board of government be altered so that several of the members be elected instead of being appointed by the insular government. These members are now Americans. Under the proposed order, Filipinos will be chosen for these offices, thus giving Filipinos control of the boards.

NEGROES FOR  
CANAL WORKSoutherner Suggests Plan to  
the President.Idle Colored Men From the  
South Might Supply the  
Needed Labor.

WASHINGTON, Oct. 22.—N. F. Thompson of Chattanooga, Tenn., called at the White House today and invited President Roosevelt to attend the immigration and quarantine conference to be held at Nashville next month and on the President's invitation Thompson called again tonight. The President had, however, declined the invitation, because he could not find it possible to attend.

Thompson said he suggested to the President that the idle negroes in the South be utilized for labor on the Panama canal.

"The better class of negroes in the South," he explained, "would and the white people in securing this class of labor in the South and reflects on the better class of negroes."

"The President was impressed with the suggestion and asked me to have a talk with Secretary Taft and Chairman Shoup on the subject. I will call on them tomorrow."

Ecuador's Finances Desperate. SANTIAGO, Chile, Oct. 22.—A dispatch from Quito, capital of Ecuador, says: President Alvaro today informed the constituent assembly that it is impossible to contract a loan in Europe, on account of the feeling of distrust created by the opposition press. He added that the economic position of the government was desperate.

Bank Officials Indicted. SHREVEPORT, La., Oct. 22.—Indictments were returned today against Albert H. Leonard, P. J. Trevaunt, C. S. Bauman and R. L. Mayfield, former officials of the Merchants and Farmers' Bank and trust company of this city, charging them with having received deposits and created debts, knowing the bank to be insolvent.

WALL STREET  
RECOVERINGPrices Rallied from Slump of  
Saturday.Strength of London Market  
and Reports from France  
Were Factors.

NEW YORK, Oct. 22.—Vigorous recovery from Saturday's slump in prices marked the opening dealings on the stock exchange. The strength of the London market helped to this result and rumors from abroad pointed to a large loan of gold by the Bank of France to the Bank of England. The strongest rallies were in stocks which suffered most in Saturday's break. Sales of 2500 shares of Union Pacific were made at 184 and 182½, compared with 181 on Saturday. Amex rose 2½.

Confidence in the stable character of the advance was strengthened by the readiness with which the market took the selling to realize. Only a slight impression was made on prices by the selling, and the market subsequently recovered considerably higher than at the opening. All of the usual leaders moved handsomely, and there were a number of substantial advances in many minor stocks.

The suspension of P. T. White, a heavy trader, was announced on the Consolidated Stock exchange today. Under the rules, White will have twenty-four hours to fulfill his contract.

The failure of J. F. Henning, an operator on the New York Stock exchange, was announced on the floor of the exchange today. Henning was a large trader on the exchange. It is said he suffered losses in Chicago, Milwaukee & St. Paul stock in April last.

SECRETARY BONAPARTE  
AND VALLEJO SALOONSWishes Number Reduced One-Half  
and That They Close at Mid-  
night and on Holidays.

VALLEJO, Oct. 22.—Mayor Madigan today received a letter from secretary of the Navy Bonaparte regarding the moral condition of Vallejo.

The secretary suggests there are too many saloons; that the number of saloons be reduced from 92 to 46; that the saloons close at midnight; that the saloons be closed on Sundays and on town holidays, and wishes for an immediate answer as to whether these points will be considered favorably by the city authorities.

The secretary refers to the conditions that existed at Bremerton, and says the navy department stopped sending ships there until the conditions were improved.

Mayor Madigan will confer with the trustees at an early date.

NEGRO CRIMINAL  
RAILROADED TO JAILHe Pleaded Guilty and Was Taken  
By Special Train to Avoid  
Lynching.

MONTGOMERY, Ala., Oct. 22.—Hermon Thompson, the negro who attempted to assault Little Willie Calise on Friday and for whom armed men have been scouting ever since, is now serving a twenty year sentence at Pratt Mines penitentiary, thanks to a plea which was adopted to avoid lynching by the city fathers.

At 3 o'clock this afternoon the negro was shipped into the Montgomery court room, pleaded guilty to his crime, was taken to the station and was put on a special train to Pratt Mines which had the right of way to its destination.

PAYMASTER'S CLERK  
PLACED ON TRIALShortage in Funds of Battleship  
Rhode Island Investigated By  
Court Martial.

BOSTON, Oct. 22.—A. S. Porter, who was clerk for Paymaster Tiffany of the battleship Rhode Island, has been formally placed on trial on charge of misappropriation of funds. He will be tried at the Charleston navy yard before a special court martial.

Paymaster Tiffany and Porter were relieved about a month ago, pending an investigation of an alleged shortage in the funds of the Rhode Island. It is alleged that Tiffany has used the navy department nearly \$100,000 to cover the deficit, and has obtained 1½ per cent interest on the money.

FRAUD ORDER HELD  
AGAINST WHISKEY MANSupreme Court Supports Action of  
Circuit Court of Appeals in  
Celebrated Case.

WASHINGTON, Oct. 22.—The Supreme court of the United States today denied the petition of Abraham Rosenberger of Kansas City for a writ of certiorari, bringing to that court a case in which he sought to have a fraud order issued by the postoffice department set aside.

The circuit court of appeals decided the case against Rosenberger, and the denial of the Supreme court renders that decision final. The order was issued on the charge that Rosenberger, a whiskey dealer in Kansas City, was using the mails for the purpose of misrepresenting his goods.

S. F. RELIEF  
ESTIMATESRed Cross Executive Approves  
of the Figures.They Have Been Reduced  
\$700,000 to July 1st—  
Conditions.

WASHINGTON, Oct. 22.—The executive committee of the Red Cross has finally approved the estimates of the San Francisco Relief committee for the continuance of the relief work in that city up to July 1st next. Originally placed at \$8,000,000, these estimates have been reduced by a little more than \$700,000 upon the report of the Red Cross special agent.

Most of the money required is already in sight, as the San Francisco committee has a balance of \$2,382,000 with unfulfilled subscriptions subject to call of \$900,000. These include \$500,000 in the hands of the New York Chamber of Commerce, and an equal amount held by the Massachusetts Relief committee. The Red Cross proper holds a little over \$2,000,000.

The estimates were approved with the condition, to which the San Francisco committee assented, that no further claims for damages be paid out of the relief fund. It was also arranged that the San Francisco committee should present monthly estimates instead of calling for all the funds at once, and that the expenditures be audited by the war department.

FRANCE AND  
GOLD DRAINUnited States Must Not Look  
for Assistance.Bank of England May Be  
Aided by the French  
Institution.

PARIS, Oct. 22.—The leading French financiers are keenly watching the monetary situation abroad. The money situation in France is fairly good and the French bank will not find French interests by raising its discount rate. At the same time, it is considered that the Bank of France might make a loan of gold to the Bank of England to relieve the conditions there. It would be an asserted resist withdrawals of gold from America.

A prominent international banker expressed the opinion to the Associated Press today that the United States would not get much gold here, as the bank would block any attempt in that direction, not by raising its discount rate, but by exercising its option to pay in silver. The banker said he expressed the view of French bankers in saying the United States had sufficient funds for the legitimate requirements of trade and that there was no reason why Europe should help to finance the speculative movement in New York.

Exchange today was considerably below the export point. At the Bank of France, preference was manifested in regard to the extent to which the institution would be willing to help the Bank of England, but it is considered unlikely that the assistance, if accorded, will reach \$100,000 to \$200,000, the amounts referred to in current reports.

HURRICANE IN  
WEST INDIESMillion Dollars Damage to  
Towns in Honduras.Tidal Wave Accompanied the  
High Wind—Many Ves-  
sels Were Wrecked.

MOBILE, Ala., Oct. 22.—The first news of a terrible West Indian hurricane that visited the towns of Ruanan, Tela, Ujigay Colorado and El Proveniente, Honduras, on Oct. 12th, was brought here last night by the Norwegian steamer Harald, with a cargo of fruit. A number of vessels were wrecked, several destroyed and buildings in each town mentioned were badly damaged.

The loss to the owners of the fruit plantations will, it is stated, reach almost a million dollars.

The British schooner Southern Queen was thrown on the beach at Ruanan and went to pieces in less than an hour's time, and the Harald suffered somewhat and will have to be docked. A tidal wave accompanied the hurricane and swept everything before it.

Captain Henriksen reports that, when he left, the beaches were strewn with vessels of all kinds, including three large sailing vessels. No fires were reported last at the time of the sailing of the Harald. Ten thousand bunches of bananas were reported swept into the sea at Ruanan. The officers of the steamer say it will be a month before some of the steamers will be able to get any fruit.

FAILURE LED  
TO SUICIDELondon Banker Chose Death  
in Railway Tunnel.Stock Exchange Rallied as Re-  
sult of Support from  
America and France.

LONDON, Oct. 22.—P. Macfayden, head of Macfayden &amp; Co., bankers, whose suspension was announced Saturday, committed suicide within an hour after posting the notice of the failure on the door of the bank, by throwing himself before a train in a tunnel half a mile away from his place of business.

Macfayden appears to have gone direct from his bank to a station of the City and South London railway, to have entered the tunnel unobserved and deliberately lain down in front of an approaching train. The engineer reported having run over an obstruction in the tunnel and a search revealed a shockingly mutilated body, which today was identified as that of Macfayden.

It is rumored that the failure of P. Macfayden & Co., the London house of Voth & Co., bankers, of Madrid, was connected with the cotton market, but as Macfayden was the sole partner in Europe, it is difficult to obtain information on the subject.

# HUGHES IS GAINING IN NEW YORK STATE

Progress of the Campaign as Told By  
New York Herald

HEARST ACCUSED OF INSINCERITY AND OF HIDING BEHIND HIS CORPORATIONS TO AVOID LEGAL RESPONSIBILITY — HUGHES AROUSES ENTHUSIASM — DIRECT CHARGE THAT CHINESE ARE EMPLOYED ON HEARST ESTATE ON RANCH AT OROVILLE, CAL.

The New York state campaign, growing in interest as election day approaches, is easily the most bitterly waged in the history of Empire state politics of recent years. All the New York city papers devote many columns daily to reports of meetings and to other election news and campaign material.

From the New York Herald of October 18th are gleaned the following items, which give some idea of the excitement aroused by the struggle between the Hearst and anti-Hearst forces:

**Some Hughes Meetings.**

East side and west side of old Manhattan and the newer regions of the Bronx vied with one another last night in the warmth of their welcome to Charles E. Hughes.

He addressed more than 10,000 men and women, all of whom heard his every word and cheered him loudly.

Other thousands were crowded out from several of the uptown meetings by a mob of police, who had to close the doors to keep somewhere within the limits of safety and the fire department regulations.

It was the busiest and the most triumphant night Mr. Hughes has had since his campaign opened. He addressed five meetings at points widely separated, and it would be hard to say in which he found the most enthusiastic.

In Zeilner's Harlem River Casino, 170th street and Third avenue, where more than 2000 persons crowded the place and hundreds more, forced to stay outside, cheered his entrance and exit. Mr. Hughes added new chapters to his revelations of Hearst insincerity and inconsistency.

He replied to Mr. Hearst's assertion that he had paid a large sum of money to the woman whom one of his wagons ran over and injured, by showing that, if he had done so, he had done it only after he had been forced to fight his case through six long years of litigation, an up to the highest court in the state, from which he had finally obtained a ruling that enabled him to shield himself behind his corporate organizations from personal liability to the law.

Quoting Clarence Shearn's assertion that the Hearst corporations really made it easier for litigants to serve complaints, Mr. Hughes showed from records that in a recent suit for libel it had been impossible to serve any one of the three corporations of Mr. Hearst personally, and that in granting an application for service by publication Judge Trux had admitted in court that the defendant had obviously evaded service.

Mr. Hughes said:

**Believes in Fairness.**

"I came before you as a Republican, but first as a Republican who desires to serve all the people," said Mr. Hughes.

"I welcome the support of every Democrat who desires to join hands with Republicans in insuring to the state of New York honorable administration of government. I believe in home rule. I believe every division of the state should have the fullest opportunity to deal with the matters that most immediately concern it. I believe in fair and honest elections. I want to see the man who is really elected to office seated in office.

"I want to see our election law simplified so as to make it easy for every voter to record his choice, and in any way that may be found necessary strengthened so that the will of the people cannot be defeated by any dishonest count.

"I want to see the methods adopted for the selection of candidates for office and methods as will permit the freest expression on the part of the people of their real wishes.

"The people of this country rule, and the machinery of government must be adapted to the expression of their views.

"We have before us in this campaign a great issue of political sincerity. I do not seek the nomination, and I would not have taken it on the request of the Saratoga convention if there had been a single circumstance in connection with the making of it which would embarrass me in the discharge of my duty.

"It has been my ambition in the course of a busy life to maintain my individuality and never to come into any relation which would in any way make it necessary for me to do this or not to do this for any man or for any corporation when my conscience told me that I should do the contrary. And I enter into public life if I am called to public life with but one ambition, and that is to do what I can for my fellow citizens in the community.

"Now, I believe in real independence. Independence is a great word. It is a word which strikes a responsive chord in every American breast. It is not a word to be used in vain; it is not a word to be used as a disguise. If a man wants to stand on an independent platform regardless of party, then let him stand on it and stay on it."

**Audience Delighted.**

Great applause, whistling and stamping greeted this sentiment.

"Give it to him, Charlie!" cried a voice. Another sang out, "He ain't got no friends!" Mr. Hughes went on:

"If a man would stand for reformation of corporate management and loyal obedience to law on the part of those engaged in corporate enterprises, then let him see to it that in his own corporate enterprises he loyally obeys the law and does not attempt to escape the full burden of government.

"My opponent last night said that he had paid some thousands of dollars. I believe he said more than \$20,000 to the woman who was run over by his Journal wagon and sued him in the courts to be met with the defense that

he was run over by a corporation. Well, it took some ten days to bring out that suggestion, and I am very glad to hear that she got some money.

"But there is this thing that I do not see emphasized or referred to in the remarks of my opponent, and that was that, being injured in 1897, her case was litigated through the courts, and as late as December, 1903, my opponent obtained the decision from the Court of Appeals which said that the corporation which he had organized was a shield against his personal liability."

Enthusiastic laughter greeted this thrust and it was several moments before the speaker could get on to convey the impression in his remark that he had decided to a generous instinct and that he had been very desirous to take some of his money and confer a benefit upon a person who had been injured, it is a great pity he did not yield to that generous instinct when the jury gave her a verdict of \$25,000, and not appeal the case.

"Some people cannot stand litigation of six or more years against a determined effort to show the business advantage of corporate organization" (laughter and applause again interrupted the story).

**Hearst Evaded Service.**

"My opponent further said in his speech last night," Mr. Hughes continued, "any lawyer knows that a newspaper is served and sued with great difficulty and by service upon the individual only, when a newspaper owned by a company can be served and sued through an officer or director in the company or through any managing agent of the company, or by holding the summons over the desk to the cashier, so that in making newspapers separate companies have made suits and judgments against them easy and difficult."

"And while he was making that statement, in another place I was reading the certificate of the sheriff of New York county, that he had searched in vain for an officer of the Star company, and was compelled to return the report that it had evaded service and he could not find it.

**Papers Prove Case.**

"While he was making that statement, in another place I was reading a certificate of the sheriff of New York county, that he had searched in vain for an officer of the Star company, and was compelled to return the report that it had evaded service and he could not find it.

"I find that there is more evidence of something of that kind. There was a case a little while ago in our courts where a man who had been libeled, or thought he had been libeled, brought suit. He was a very wise man. He thought that such was the uncertainty with regard to which corporation had libeled him, or whether an individual had libeled him, that he and his lawyer brought suit against the Morning Journal Association, against the New York Evening Journal Publishing company, against the Star company, and against my opponent.

"Now, Mr. Shearn has said in a letter that the New York American was published by the Star company and the New York Evening Journal was published by the Star company, and the Morning Journal was published by the Morning Journal Association. But when they got into court in this case, and it appeared that this article was published in the Evening Journal, the Star company came into court and denied that it had published it, and the Evening Journal Publishing company came into court and denied that it had published it. The Morning Journal Association also came into court and denied that it had published it. And so did my opponent.

"And so the plaintiff had to worry around to get the necessary legal evidence to find out who really was responsible for the acts of a corporation of some sort or another which, according to my opponent, it is so very easy to sue."

"Not only that, but they had to get an order to publish the summons, because they could not find anyone on whom to serve it. And when an effort was made to set aside the order which the court made to have the summons published, Judge Trux of the Supreme court said: 'The affidavits clearly show that the defendants evaded service of summons and complaint. Motion to vacate order of publication denied with costs.'

**Test of Sincerity.**

"Now, I refer to these things not at all as personalities. I refer to them because they furnish a very test of political sincerity.

"What is the vice in American life? What is the vice in the management of great corporations? What is the vice in the conduct of these great enterprises which directly affect our public interests? It is the vice of selfishness. It is the vice of setting up self interest as against service. It is the vice of seeing how much one can get and keep, instead of seeing how much benefit can be bestowed.

"Now, the test of political sincerity is what a man does when personal interest, when the pocketbook, when anything that concerns himself, comes into competition with the demands of the public; and if a man prefers to put in statements, or to have his employees put in statements, to a tax department to evade taxation rather than pay his share of the public burdens, it is a test of political sincerity. If he pretends to make it difficult for people to get at him or his enterprises to test their rights in courts of law, which ought to be open to all and readily accessible to all, it is a test of political sincerity.

"If a man does not meet these tests in these matters over which he has

absolute control, how can you be sure he will meet the test when the public interest is at stake? If self-interest and if anything will deflect him from the line in connection with these matters which he controls, when will he be kept to the line of public duty if motives of self-interest and of ambition are present?"

"Never!" cried a loud voice.

**No Discrimination.**

"As I have already said, I am opposed to those discriminations in business which make it possible for a man or a combination to take an independent man by the throat, or in any way to deprive him of access to markets which are the life of his trade. I do not believe in anything that is discriminatory and unfair, which means discrimination and secret advantage. I believe in the same deal for everybody. But I don't believe in appealing to bitterness. I don't believe in trying to make people believe that this is the worst of all possible countries, that we are in the iron grip of men who the people are powerless to deal with. 'But nothing can be done by distortion, by exaggeration. There is a great deal bigger business in this country than the business of selling newspapers. There is a great deal to be done in this country that has no relation to politics. There is a great deal of important work to be done and one of the most important things is to conserve the prosperity that we have.

"We want to see our wage earners get their full share of that prosperity. I want to see justice done to men in all walks of life. I want to see justice done to the policeman and the fireman and the street cleaner, and all the men engaged in the activities of our municipality. What cannot be accomplished if the American people only move forward in a sane and sober fashion, intent upon truth?"

**Warmly Cheered Everywhere.**

In the South building, Amsterdam avenue and 137th street, was held the first meeting of the evening. It is not a large hall, but nearly two thousand persons were crowded into it, and four or five hundred others had to content to remain outside and watch the red fire and Roman candles.

Mr. Hughes reached the meeting at 8 o'clock. His welcome was uproarious. He spoke less than ten minutes and introduced no new issues. From that time he was hurried to the Zeilner's casino in the Bronx.

Camp Hughes, the tent at 124th street and Seventh avenue, was the next meeting visited. Twelve hundred men had crowded it to its limits and then the police had closed the gates, shutting out three or four hundred more. The nominees arrived at Camp Hughes at twenty minutes past 9 o'clock. It was five minutes later before the cheering subsided sufficiently for the chairman to introduce the speaker.

**UNION LABOR FORCES SAID TO BE OPPOSING WILLIAM R. HEARST**

From reports received from all parts of New York city and Brooklyn, and every manufacturing city in the state, prominent union men said yesterday they believed W. R. Hearst will not receive more than 25 per cent of the union labor vote at the coming election.

In New York city, where in the majority campaign he got almost the total labor vote, it is figured by union leaders that more than 50 per cent of the labor unionists are now arrayed against Mr. Hearst. Of the other 50 per cent 25 per cent can conservatively be classed as socialists, social democrats or men who will not vote at all.

That union labor is in thorough revolt against the self-praised "friend and protector of labor" was evident on every side yesterday. Even at the Gilsey house and in the Hearst newspaper offices there were strong evidences that Mr. Hearst's high salaried political managers had read "the writing on the wall."

In glancing type every edition of the Hearst papers told of a supposed meeting of labor union men in a Bowery hall, at which Mr. Hearst was lauded in a long resolution, and denouncing as "false and misleading reports" statements in all except the Hearst newspapers last Monday, concerning the remarkable demonstration made against Mr. Hearst at the meeting of the Central Federated Union.

Meeting Mr. Hearst without honor who had betrayed the union laboring men, by James H. Hatch, president of the Independent labor party.

**Hearst Was Mentioned.**

The "large and representative" meeting of labor leaders, which was supposed to have endorsed Mr. Hearst, on Tuesday evening existed in the minds of the Hearst employees, was shown clearly yesterday when other labor leaders tried to find out what was supposed to have been present. Samuel A. Debs, of the Newspaper and Mail Deliverers' Union No. 9463 was, according to the Hearst papers, one of the enthusiastic leaders at the meeting. Instead of "meeting" the evening as the Hearst papers stated, the meeting was a small gathering of the miscellaneous section of the reference made to Mr. Hearst at the meeting of the Central Federated Union.

The only meeting was a statement by Michael Hayes, of the Cloth Examiners and Spanglers' Union, in which he said "union labor does not always get a square deal from the Hearst papers, in spite of the fact that they claim to be the special guardians of organized labor."

Many reports showing a remarkable change of sentiment among the laboring element against Mr. Hearst and for Charles E. Hughes were received yesterday at the headquarters of the Workingmen's Political League, in the Clarendon hotel, Fourth avenue and Eighteenth street. This league, which was organized last Monday, in Albany, by labor leaders from all over the state for the purpose of opposing Mr. Hearst's candidacy, is thoroughly in touch with union labor in every section.

"I have received letters from all over the state today and from two dozen labor leaders in New York and Brooklyn," said Samuel J. Chervach, secretary of the league and a member of Typographical Union No. 6.

"Reports from up state to be sent by members of the league in various cities show a tremendous loss of ground for Hearst among workingmen."

**Loosing Ground Gradually.**

"Our Buffalo correspondent says: 'The Hearst sentiment is by no means as strong as it was two weeks ago. It is steadily turning toward Hughes. Hearst's selection of Connors as chairman of the Democratic state committee alienated thousands of labor voters of the Buffalo district at the time of the Democratic ticket at the last election, but now they are turning against Hearst. They will vote for Mr. Hughes this year. The

reason is that they are afraid to hurt the present prosperity by voting otherwise. They believe that Hearst's election would cause a shut-down in some lines of employment. These men are of great influence, and their action will result in turning away a great many trade unionists from the Independent League ticket."

Similar reports have come from Poughkeepsie, Binghamton, Schenectady, Syracuse, Oswego and other cities.

Hearst's deal with Murphy has cost him many, many thousands of union votes. He told us this man was a crook, and because we believed he was and liked the strenuous way in which Hearst went after him, we voted for the editor. Now he wants us to believe Murphy is all right and a pure gold. The laboring men are not the kind to be humbugged and sold."

**NEW YORK HERALD CHARGES THAT HEARST DOES EMPLOY CHINESE**

Under the caption "Smuggle Chinese at Night into Hearst Estate," the Herald prints the following:

Thailand, Cal., Wednesday.—Activity in preparing for the orange-picking season, which has usually been associated with the employment of large numbers of Chinese by the management of the Hearst estate, has here, and as a consequence of a renewed outburst of protest from the white men and women who have annually sought employment there in vain, has not been characterized this year by the features which have made the Hearst estate notorious in this section in the past.

Chinese are being engaged, or having been engaged, are coming to the Hearst estate to take the place as pickers which the white girls of this section are given an every now and then chance where the sentiment of employing American labor prevails. But this year there is a cloak of concealment for the Oriental.

The Hearst papers' propaganda for political purposes in New York and the damnable attack upon the administration for its proposed employment of Chinese labor in work in Panama which white men refused to do at any price for a half-century, had turned its venom back upon those who launched it.

That the Hearst estate employs and has employed Chinese labor in California has never been denied here. It is such an old story that the residents are reading with considerable astonishment the matter printed in Eastern newspapers treating the reports of the Hearst pro-Chinese labor attitude as if it were news.

**Enemy of White Labor.**

Hearst has been true and again branded as an employer of cheap Chinese labor and an enemy to white labor seeking work on the Hearst ranches. It is not news here, and the statement that he denies such action in regard to the Hearst ranch labor is so ridiculed in the face of what every man and woman and most of the children here know that the Hearst estate could get enough affidavits in this county to the employment of Chinese labor on the Hearst ranch to cover Broadway from the Herald building to Hearst's American and Journal quarters.

The Chinese coming now to the Hearst estate ranch—though there is a statement as yet not officially substantiated that it has been sold—are slipping in by ones and twos and at night. Even in California white men can not tell one Chinaman from another, and so it is impossible to calculate how many are already on the estate.

They will soon begin the orange picking. For this work, which every ranch owner of these parts who is in touch with the "California for Americans" sentiment, employs young white girls, the Hearst estate management will use the cheap Chinese labor. The Chinamen are paid \$1.25 a day and "find" themselves. If there were such a thing as a board of health in this county which cared to investigate such matters it would burn the houses and deport the inmates of the "shacks" which the Chinese fruit pickers occupy. If Eastern consumers realized the conditions of a "shack" where the Chinese fruit pickers live there might not be so many oranges sold without a pedigree.

In the midst of fifth—which affects them not at all—and amid older whites no white man could stand for a minute, Chinese fruit pickers, who eat and smoke their wretched tobacco and the other amusements to which the Oriental is addicted.

**HEARST WILL NOT PAY TWO YOUNG WORKMEN WHO MOVED HIS PLANT**

According to the court records, neither W. R. Hearst nor the quadruple newspaper trust which he owns has paid for moving his newspapers from his old quarters in the Tribune building to the Thinelander building.

Two young men who took the contract to do the moving are suing the Hearst trust for payment for their work under their contract, but so far they have made no progress beyond getting a general denial from Clarence J. Shearn, attorney for the newspaper trust, that Mr. Hearst or his corporations owe them anything.

Richard R. Burkhardt and John T. Donoherty of Brooklyn are the plaintiffs in the suit against the Hearst trust. They heard that it was to be moved and they made an offer on the job. An arrangement was made under which they were to do the moving at the rate of 40 cents an hour for each man employed and \$1 an hour for each horse and truck. They went to work on May 4, 1905, and finished in a week. Then they sent in their bill for \$1,493.64, and payment was refused.

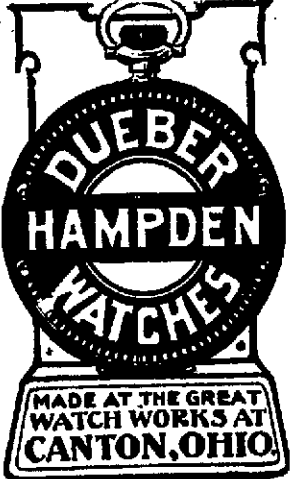

This was a serious embarrassment to the young men, who had borrowed \$600 while the work was being done. An offer was made to them for a compromise, first for \$800, then for \$800 and finally for \$1,000. They refused, and were then told they might sue the Hearst trust for their money.

They brought suit against the Star company of New York, the Morning Journal company and the Evening Journal company, reciting the facts and asking for a judgment against Mr. Hearst. On behalf of the Hearst trust Clarence J. Shearn put in an answer denying every statement made in the complaint excepting the statement, which he could not deny, that the money had not been paid.

In this manner Mr. Hearst managed to move for nothing.

**HEARST IS REELING—STRAITENED CAMPAIGN HE MANAGES HIMSELF**

Hearst's friends on the train said he was very much fatigued, and wanted to get back home for a rest. Ever since the Atlanta convention he has been under a tremendous strain, and he is beginning to show it on his last trip. His burden of responsibilities has been particularly heavy, because he is practically managing the entire state campaign from his private car. He trusts none of his lieutenants. In fact, he feels that he has at his heels a band of greedy men who will betray him the moment he fails to give them what they desire.

The dealer who doesn't have DUEBER-HAMPDEN MATCHES may tell you they are not the best. He wants to sell what he has—his human nature. Before buying, ask the dealer who has them.

## SENTENCE POSTPONED

**Willie Helm's Fate Not Pronounced Yesterday.**

**Late M. Theo. Kearney Left \$40,000 Cash in Two Banks.**

The passing of sentence upon Willie Helm for the murder of W. J. Hayes has been postponed until next Monday at 10 o'clock. The matter came up yesterday before Judge Church and the continuance was secured by the convicted boy's attorneys without opposition from the district attorney's office. A motion for a new trial is to be made, and the lawyers want the transcript written up for this purpose. The continued illness of official Reporter Peterson has delayed matters.

**Civil Cases Set for Trial.**  
The suit of B. M. Hastings against J. M. Rustigan to recover \$34,000 expended on behalf of the defendant has been set for trial on November 12th. The action of Frank Harris against William Degen will be tried on November 10th. Harris is suing on an alleged partnership with Degen, which the latter denies, claiming that Harris was in his employment as the contracting business.

November is the date for the trial of the suit of M. M. Sabirian against H. Eghubian. The claim is for farm services, and action was begun first in the justice court, where the plaintiff secured \$91. This was appealed from.

The damage suit of Mary Spaulding against the Fresno City Railway company will be heard on November 26th. Miss Spaulding was hurt in getting off a street car in this city last year.

Sheriff Collins must on November 14th answer a suit brought against him personally on account of his official act in attaching \$1250 worth of cattle in the suit of W. R. Smith against E. J. Burrill. Smith's claim was for \$800 for labor performed by him for Burrill. Burrill has now sued Collins for the worth of the cattle, and the trial will take place on the date above named.

Some months ago J. A. Stewart sued the Cypress Oil company, the Southern Pacific company and various other interests for labor performed by him, which he said had not been paid for. The trial has now been set for November 10th.

The action of A. Sachs & Company to secure payment from A. L. Redick because of the damage done to goods in their store by the overflow of the defendant's last tub in the Voorman block has been set for hearing on November 17th.

**Cases Continued.**  
The suit of Mrs. Harvey McLaughlin against her former husband, William H. Bryan, to secure a modification of their divorce decree to secure custody of all the children, was continued to November 29th.

The suit of L. A. Rockwell against the Italian-Swiss colony to secure payment on a well-digging contract, was continued to November 20th. This is a motion for a new trial.

**Kearney's Bank Account.**  
The late M. Theo. Kearney left at his death \$40,000 in cash in the Wells-Fargo Nevada National bank of San Francisco and the Farmers' National bank of Fresno. This was shown in the petition of the Mercantile Trust company of San Francisco to be discharged as special administrators of the estate, which was met yesterday. This same company became executor under the will.

The statement also shows that just \$22.24 was spent for the cremation of the body of the deceased by the same Steamship company. The petition for discharge has been set for hearing on November 5th.

**Suit on a Bond for a Deed.**  
Mary J. Bond has begun suit, through Attorney Joel H. Smith of Selma, against John F. Milner on an agreement to sell thirty acres of land. It is alleged that the defendant agreed to buy the land but has not made the payments. The plaintiff asks for \$30.26 and a reconveyance of the land.

**Various Civil Actions.**  
The Southern Pacific company will have to be satisfied with the two trials of the action against it of the suit of Miles Robinson, her negro scavenger, who twice has secured judgment for \$200 damages for being run into by a train of cars at the Tulare street crossing. The motion for a new trial in the Superior court was yesterday denied by Judge Austin.

The motion of Pasch Brothers for a new trial of the suit of Fred Dodd against them on an action for unlawful detainer of a store room in the Hughes Hotel building was denied. A dispute about the terms of a lease was involved.

T. Uyeno and O. Ito, having defaulted in the suit against them brought by M. Sakaguchi for the Nankai Mercantile company, judgment was yesterday entered for the defendant on motion of Attorney E. A. Williams. This was an attachment suit brought to compel the payment of \$182.50 for goods delivered.

Judge Austin has taken under advisement the demurrer argued yesterday against the information in the case of the People against Hugo Wolt. The latter is the aged Chinaman who tried to bribe the mayor to let up on tax games. Attorney Lewis H. Smith argued that the complaint was inadmissible in its terms and specified more than one offense. Deputy District Attorney Kauke appeared for the prosecution.

Mrs. Ophelia Pilkinton secured an injunction to prevent her husband, W. T. Pilkinton, from selling his property pending divorce proceedings.

William Riley Neagle has answered the suit of his wife Letitia May Neagle for divorce. He makes a straight denial of the stories of extreme cruelty, she having alleged that he had beat and choked her.

**Probate Procedure.**

The will of the late O. C. Lundelius was yesterday admitted to probate, and his son, O. F. Lundelius, secured letters testamentary.

Mrs. Delia Ebert was discharged from her duties as administrative of the Ernest Ebert estate, the property interests having been all settled.

Mrs. Mary L. Doolittle was discharged from her duties as administrative of the George B. Doolittle estate.

The will of the late W. J. McNeill was admitted to probate, and permission was granted to the administrator of the Peter Lundquist estate to sell the raisins now in his possession.

Letters of administration were issued to Charles Reed for the Charles Potts estate. The deceased died some time ago, but the letters were refused to cover certain irregularities.

George P. Dyerberg was appointed guardian of the estate of Louis P. Dillstrup, a minor.

**SANGER SIFTINGS**

High School Sub-Juniors Entertain Upper Classes.

Dainty Tracks Indicate Presence of Female Burglar—General News Notes.

**SANGER, Oct. 22.**—Last Friday night the sub-juniors of the High school entertained the upper classes and their friends. The occasion gave additional evidence of the progressiveness of the institution, it being the first time in the history of the school that the entering class have thought themselves competent to return the hospitality of the seniors.

Despite the fact that the weather was unfavorable, there was a large crowd present and a most enjoyable time was had. After the program had been rendered refreshments were served, the proceeds of which were used in supplying dishes for the school. The program was rendered in the following order: Address, Clarence Williams, class president; instrumental solo, Hazel Robertson; reading, Laura Carroll; duet, LeRoy Carlisle and Silvia Rudolph; recitation, George Coble; dialogue, Leah Magelli, Ethel Henderson, Pearl Garner, Edna Hanke, Ada Bunnell and Gertrude Hauke; class paper, Nora Mendor.

A lovely home wedding took place at the home of R. J. Padon of South Sanger last Saturday at noon. Miss Orie, the eldest daughter, was given in marriage to N. T. Singleton, a prominent business man of this place. There were present the immediate members of the family and a few intimate friends.

Judge C. P. Watton and groom left for Los Angeles Saturday night, where they will spend two weeks' honeymoon. They will return and make their home in Sanger, where they have a host of friends to welcome them.

Is there a female thief in the vicinity of Sanger? This is a question uppermost in the minds of those who have been relieved of property by night prowlers of late. The first act that brought suspicion on some member of the fair sex was the disappearance of several boxes of raisins from John Walton's vineyard a few nights ago.

On examination it was found that tiny heels and narrow soles had left impressions on the sands where unquestionable thievery had taken place. A raid was made on John Guzman's chicken roost last Monday night. The tracks of a woman were in evidence about the roost.

Next Friday night the local Prohibitionists will hold a rally at the local church. Mr. Minor of Fresno will address the meeting. There is quite a number of the "dry party" voters here and the meeting will doubtless add fuel to the political fire waging in Sanger just now.

The Ladies' Aid of the Christian church will hold the regular monthly meeting at Mrs. Neelham's of South Sanger next Wednesday evening. Most of the ladies here returned from their vacations, consequently the societies are reorganizing, preparatory for a busy season.

Mrs. Joe Richards and little daughter left last week for points in Texas, where she will spend several weeks visiting relatives.

A. B. Carlisle, who had the misfortune to cut his hand severely while working at the mill a few days ago, is recovering rapidly, though he will be unable to attend duties for several weeks.

Miss Belle Agoo of Class '06 of the High School, who is stenographer for the Republican Central committee, spent Sunday at the home of her parents in West Sanger.

Mrs. Hall of Lone Star, who is recovering from several months' sickness, spent last week visiting her sister, Mrs. Molitor, west of town.

Contractor Dement of Selma spent part of last week in Sanger, completing the residence of W. T. Vineyard.

**CRUSHED FOOT WRINGS NO CRY FROM GIRL**

Katie Johansson Meets Bad Injury on Railroad Track Without a Whimper.

Little Katie Johansson, who lives with her parents on 125 G street, met with a painful accident which may cripple her for life yesterday afternoon. The child, who is only 9 years old, tried to get on a fruit train as it was slowly moving out of Pollasky, but lost her hold and slipped under the cars. One of her feet got caught by an iron shoe string in some way and was badly crushed, although not quite run over. The train's effort was brought in on the train, after which it was sent ahead to Yarmister Crowley, and Dr. Doyle was waiting when she came to the depot. After applying first surgical aid to the wound, the doctor sent the child to the Burnett sanitarium in Stephens & Blair's ambulance. Although the foot of the girl is badly crushed, there is some hope of saving it. A nursing lady accompanied her to the hospital and soothed her sufferings.

Little Katie here her trouble with remarkable fortitude, forcing back the tears that came to her eyes, and trying bravely to smile although nearly swooning with the shock and pain.

**Mayor's Veto Makes Meat Men Lawbreakers.**

**Trustees Will Now Probably Fix License at \$30 a Year.**

A curious situation has arisen in Fresno as the result of the action of the mayor in vetoing the ordinance law bringing the license for meat peddlers from \$50 a year to \$25 a quarter. Four or five peddlers started in peddling meat as soon as the ordinance was passed by the trustees, not thinking that the ordinance would meet with the disfavor of the city's chief executive.

Yesterday several of these peddlers applied to License Collector Coleman for licenses offering \$5 in payment. They had not yet learned that the mayor had vetoed the ordinance. Some of them stated that they will have to go out of business if they are compelled to pay \$30 a year.

While the men who have been peddling meat are locally guilty of a misdemeanor for peddling without a license, License Collector Coleman will take no action in the matter until the trustees act on the mayor's veto, as he believes that the peddlers have acted in good faith.

It is likely that the board, when it meets on the 5th of next month, will adopt the suggestion of the mayor in his veto and fix the license at \$30 a year, the same sum required for a vegetable peddler's license. Several members of the board have expressed the opinion that if it were not for the resignations of Trustees Anderson and Sunderland, the ordinance could be passed over the mayor's head, but as Mayor Lyon has not yet announced his successors, it is taken for granted they will do the bidding of the mayor, whoever they may be.

Up until last night License Collector Coleman had collected over \$11,000 of the license money due the city for the second quarter of the fiscal year which begins on the first of this month. There is still \$4000 to be collected.

**SOUTHERN PACIFIC TO PUT IN CULVERTS**

**Flood Situation on Merced, Tuolumne and Stanislaus Streets to Be Relieved.**

After having been threatened with legal proceedings by City Attorney Ewing, the Southern Pacific company has announced that it will put culverts across its tracks at Merced, Tuolumne and Stanislaus streets, thus relieving the flood waters that back up for blocks on these streets in rainy weather.

The company was instructed by the trustees to put in the culverts last spring and several months ago put in pipes up to their tracks and left the work in this unfinished condition. Superintendent of Streets Spencer asked the authorities of the company if they intended to complete the work and was met by the answer that that was none of his business. He placed the matter before the city trustees three weeks ago and City Attorney Ewing was instructed to take the matter in hand and if necessary, take legal steps to compel the railroad company to comply with the law.

Mr. Ewing wrote to Superintendent Burkhalter, demanding that the company put in the culverts at once. Yesterday he received a lengthy letter from the Southern Pacific official explaining that after the work was commenced it was found that the pipe ordered was not up to standard and that more pipe of heavier grade had been ordered put under the roadbed. The letter stated that as the city was in such a hurry about the matter, the original pipe will be installed at once.

**WOULD BUILD WALKS BY PRIVATE CONTRACT**

Protestants on Abby Street Want Permission to Construct Own Walks.

Falling in their protest to the City Trustees against the sidewalking of Abby street, a number of property owners on that street yesterday afternoon filed a petition to the city board for permits to have the work done by private contract.

The list of names includes many of the protestants. It is as follows: B. A. Dohland, J. M. Elwood, C. H. Cost, J. E. H. Osburn, F. T. Barker, Frank Rodriguez, Frank V. Silva, E. B. Coffman, Miss Molly Garrett, G. A. Middleton, Thurston Bell and F. M. Child, London, Agent, Carrie Grever, Mrs. E. E. Noyes, Mrs. C. A. Butler, G. A. Adams, J. E. Favor, Annie Chance, Oswald Schneider, George B. Rowell, Mrs. H. E. Juniper, Mrs. M. H. Abbott, Mrs. J. J. Anderson, Mrs. A. P. Brooks, Mrs. M. R. Baird, W. M. McDaniel and Mrs. Margaret Hayes.

It has been the custom of the City Trustees to allow such petitions, provided they are made before the formal call for bids has been issued and it is likely that these petitions will be granted.

**TROUBLESOME WATER DISPOSED OF**

Well Has Been Dug to Receive Ice Companies' Waste.

The waste water from the ice companies' plants, which has been a source of much trouble for the city administration and which created no little amusement by being turned back and forth from the city sewers to the gutter, has finally been disposed of by a plan that will leave no one a chance to object.

In accordance with the plan suggested by City Trustee Myers, head of the sewer committee, to the Board of Health some time ago, and approved by the body, a well has been dug east of the Santa Fe reservation into which the troublesome water will be turned. The well was dug under the supervision of the city engineer and a ditch has been dug that will carry the water to the well. The ice companies will bear the expense of the work.

## FINE CHORUS WORK IN "MAID AND MUMMY"

**Another Elleford Company to Fill Engagement at Barton.**

Richard Carl's big and successful musical play of last season, "The Maid and the Mummy," has started auspiciously on its second prosperous year. This is the musical piece that has the enviable record of three months' run in New York, a three months' run in Philadelphia and a three months' run in Chicago. The company is largely the same as it was last winter, and the mechanical and electrical effects are greater than ever. Not satisfied with the dozen or more song hits in the piece, Mr. Carl last summer added two more, with elaborate accompaniment.

It is the chorus work in this musical melange that has won for the most extravagant praise wherever "The Maid and the Mummy" has been presented. There are thirty girls in this chorus, each one chosen for her beauty, for her singing ability and for her dancing propensities. The girls are the spriest, liveliest and hardest-working girls' aggregation of entertainers of the American stage.

"The Maid and the Mummy" comes to this city next Friday night, Oct. 25th, and will be the regular opening of the fall and winter season at the Barton. The sale of seats opens this morning at 9 o'clock.

**Another Elleford Company.**  
It is nothing out of the ordinary for a stock company to play one theater two or three weeks and make good, but it is a rare one's and business qualifications to successfully play a company for a longer period than that, and yet Manager W. J. Elleford has proven to the people of Oakland that such a thing is not impossible. His famous Oakland stock company, which will favor the Barton theater-givers with a six-night engagement commencing Monday night, Oct. 29, opened at the Macdonough theater, Oakland, for a brief engagement immediately after the first, but the demand was so great for their continuance that Manager Charles Hall finally made Mr. Elleford a special inducement to play the entire summer, and after twenty-five weeks of the most successful engagement ever known in the managers of the coast, Mr. Elleford has decided to give his company what he calls a vacation for three weeks by playing some of their most successful plays for a period of one week each in Stockton, Fresno and Sacramento, after which they will return to Oakland to finish their long engagement.

It has been a long struggle for Mr. Elleford to surround himself with a company that would drive further into the hearts of his many patrons his name and reputation, which stand unapproached. But he has certainly gathered together a company of the most sterling artists in their line. In all Mr. Elleford's twenty years of managerial career he has never before had a company containing so many and so brilliant stars as versatile and capable exponents of the popular drama.

**It Makes Him Smile.**  
An expansive smile of joy upon the visage of Deputy Sheriff "Billy" Hutchison evoked considerable speculation among his friends yesterday, and there was some busy guessing as to what it all meant. Later in the day the reason was confided to a bosom friend.

"Billy" has an heir. A booming congratulatory arrived at the home yesterday morning and looks healthy enough to become a permanent member of the household. When Deputy Sheriff Hutchison joined the ranks of the beneficiaries one year ago he was the recipient of many congratulations, and the same well wishers are now crowding about him telling him nice things.

## A SCHEME FOR SECESSION.

The Coalinga Oil Record of Saturday, October 20, contains the following remarkable article:

"That Coalinga is in the wrong county is becoming more evident with the passing of each successive day. We are aware to acknowledge that as long as we remain in Fresno county we can expect but little of any recognition. Furthermore, we are too far from the county seat. However as our seat of government would be much more convenient. The people of Kings county are also aware to the fact that by the annexation of the West Side they will acquire a valuable section of the country and are putting forth every effort to bring about a change of county lines. They have nominated for the Assembly a man who has large business interests in the Coalinga field and who will use every honorable means to bring about the desired change. If the people of Kings county are wise they will, regardless of party affiliations, elect as their next Assemblyman, William L. McGuire. He has the interests of the county at heart and is a hustler from start to finish."

This is the frankest avowal we have seen in Fresno county of the scheme to take a slice from us to add to Kings county. There is, of course, no concealment of the purpose in Kings county. Both candidates for the legislature from that county are pledged to work for a county division bill, and such a bill will unquestionably be introduced and supported. The only question is in regard to the attitude of Fresno county. Unless we prevent, the bill will be passed, and an important part of Fresno county will be cut off. Mr. O'Donnell, the Democratic candidate from the Sixtieth district, comes from Coalinga, the place sought to be cut off, and the place in which the above threat of secession was published. In the beginning of the campaign his supporters were shouting for "O'Donnell and county division," and Mr. O'Donnell did not, in Coalinga, repudiate this slogan. Afterward, in other parts of the county, having discovered that county division is unpopular, he did deny that he was favoring it. But how long this change of opinion would last, in the face, perhaps, of an agitation in Coalinga and the proffered assistance of Hanford, is at least problematical. If the people of Fresno county want to keep their territory and population intact, the only way to make sure of it, against a really serious and immediate menace, is to elect W. F. Chandler, who would not only oppose, but is able to prevent, such a measure.

From every standpoint, even that of Coalinga, this project is a dangerous one. Fresno county has suffered enough dismemberments already, and wants no more. The size of the county is less and less a handicap, and with the railroads and electric roads sure to be built in the near future it will be no inconvenience at all. The name "Fresno" is already famous, and will grow more and more so. It is a valuable asset to any territory, not lightly to be thrown away. Besides, if this dismemberment of the counties begins, there is no telling where it will stop. Henry Miller wants to establish a county on the West Side to perpetuate his name, and stands ready to furnish the money for county buildings at Dos Palos. If the question of county division is opened at all, this bill is as likely to pass as any, and then the people of Coalinga, instead of Fresno, would have Dos Palos for their county seat. The best thing all around is to leave the boundaries as they are. And the way to secure that is to vote for W. F. Chandler.

## OUR REFERENDUM.

There are fourteen constitutional amendments to be submitted to the people of California this year. We shall discuss them later, after we have found out enough about them to have some idea which are good and which are bad. The Chronicle discussed them yesterday, expressing a positive opinion on some, a doubtful opinion of others, and total ignorance of the remainder. What the careful editorial writer of the Chronicle, with abundant time and means of information at his disposal, can not find out, the people at large can not be expected to know. It is an unquestioned and not discreditable fact that the people of California, or even the intelligent fraction of them, do not know enough, and have no means of learning enough, to vote intelligently on the referendum propositions now before them, under our very limited and carefully guarded system of referendum. What would they do if the referendum were turned loose full blast?

Under our present system, a proposal for a constitutional amendment has to pass the scrutiny of both houses of the legislature before the people get a chance of referendum vote on it. That scrutiny is little enough and careless enough, since it is done by men who do not feel that the final responsibility is on them, but it does sift out the more obviously freak proposals, and it does give some chance to find the "bugs" in bills. Yet even then the net output is a jumbled mass which nobody understands and on which few vote. These few vote as their favorite newspaper advice and the newspaper advice comes in the light of the best information the editor can get, which is often little enough. There is no other subject on which the people so absolutely let the newspaper do their thinking for them. On everything else, they rather

resent too much appearance of newspaper domination, and like to go through the form of thinking for themselves, even when they actually take the newspaper's guidance. But in this one matter, even the most intelligent men make no blush of clipping out the newspaper editorial of a morning or two before election, and taking it to the polls with them, to show them how to vote. And the more complex the legislation presented, the more absolute is their dependence on the newspaper.

For better or for worse, referendum government is newspaper government. The newspapers now pass or defeat constitutional amendments. They would pass or defeat referendum bills, under a system calling for them. They are going to control, practically, nominations under the direct primary law. They are going to be the forum, everywhere, for that discussion and consideration which the referendum system banishes from legislative chambers. For there is only one substitute for oral discussion, in legislature or convention, and that is printed discussion, in the public press. Discussion must be conducted either by few enough people to see and hear each other in one room, or else through a medium that can reach all the people scattered in their homes. The one is government by representatives, the other is government by newspapers. Between these the choice lies. A republican form of government requires the one; a referendum government necessitates the other.

Hearst is out with a roost on lying newspapers. On the principle that it takes a thief to catch a thief, he ought to know where to find them.

## LURTON FOR THE SUPREME COURT

President Said to Favor Tennessee Man Now on the Circuit Bench.

WASHINGTON, Oct. 22.—President Roosevelt is about to select an associate justice of the Supreme court of the United States to fill the vacancy created by the retirement last May of Justice Henry S. Brown. The probabilities are that the President's choice will fall upon Judge Horace Hanford Lurton of Tennessee. Within the last few days Roosevelt has been conferring with his advisers concerning the vacancy, and those qualified to speak seem to think that Judge Lurton stands the best chance of getting the emine. He is at present United States circuit judge of the Sixth district, and is regarded as one of the leading jurists of the nation.

No final decision has been reached by the President, however. Besides Judge Lurton he is considering other men of note, and among them is Solicitor-General Henry M. Hoyt, who is strongly backed for the place. Hoyt has made a good record and is popular with the members of the Supreme tribunal.

Judge Lurton is a Kentuckian by birth, is 62 years old and was a major in the Confederate army, having twice been taken prisoner, once at Fort Donelson and again in Morgan's Ohio raid.

## BURTON IN A PRISON CELL

Former Kansas Senator Gave Himself Up.

His Loyal Wife Remains True and Will Reside Near the Jail.

FRONTON, Mo., Oct. 22.—Former United States Senator Burton of Kansas arrived from St. Louis tonight shortly after 5 o'clock and after dining with his wife and niece surrendered himself to the jailer and was assigned to a cell in the fronton jail.

Mrs. Burton accompanied her husband to the sheriff's office and then went to a cottage she has rented where she will remain until he has served the 18 months' sentence imposed by the federal court.

ST. LOUIS, Oct. 22.—Former United States Senator J. R. Burton, of Kansas, accompanied by his wife and niece, arrived this morning from his home at Abilene and surrendered himself to begin serving his sentence of six months at the fronton, Missouri, jail. Apparently he has changed little since he was tried and convicted a year ago in the federal court here of having accepted \$2500 for services rendered by the Biltz Grain and Securities company of St. Louis before the recent department of Washington in a fraud and embezzlement case.

As he stepped from the train this morning he said:

"I am feeling very well, under the circumstances. I had a good night's sleep and am greatly refreshed this morning. Perhaps, the trees and bluff country look better to me this morning than they will for some time, but I shall allow myself to think about that."

Mrs. Burton maintained her composure generally well. "I never saw a man so much at my husband than at this moment when he is on his way to jail," she declared as the train started.

Under our present system, a proposal for a constitutional amendment has to pass the scrutiny of both houses of the legislature before the people get a chance of referendum vote on it. That scrutiny is little enough and careless enough, since it is done by men who do not feel that the final responsibility is on them, but it does sift out the more obviously freak proposals, and it does give some chance to find the "bugs" in bills. Yet even then the net output is a jumbled mass which nobody understands and on which few vote. ## "CLANSMAN" MADE SCENE

Quaker City Negroes Object to Production.

Crowd Gathered at Theatre But Was Quieted on Promise to Stop Show.

PHILADELPHIA, Oct. 22.—Under most unusual conditions, "The Clansman" was presented here tonight at the Walnut street theatre. The colored clergy of the city had made a formal protest to Mayor Weaver against the production, claiming that "lynchings have been encouraged by the play." The mayor refused to take action.

About a half hour before the theater opened, Ninth and Walnut streets, where the playhouse is located, were packed with colored people. Director of Public Safety McKenna, who had hastened to the scene, begged the ministers to disperse the mob. A riot call was sent in and patrol wagons brought fifty policemen to the theater. The ministers surrounded McKenna and demanded that he stop the performance.

McKenna addressed the scene, saying that he would endeavor to have the presentation discontinued after tonight. This seemed to have a soothing effect, and the crowd slowly scattered.

Early in the evening a negro attempted to create a disturbance in the theater. He was arrested, but the police had considerable difficulty in removing him from the crowd in the gallery.

## TO VOTE ON MACHINES

San Francisco Voters Saved By Supreme Court.

Non-Partisan Judicial Ticket Put on Ballot But Other Request Denied.

LOS ANGELES, Oct. 22.—The State Supreme court, sitting en banc, today rendered a decision which has the effect of saving the city and county of San Francisco from abandonment of voting machines in the coming election—a step which would have tantamount to making the election an impossibility.

The court granted the application of E. H. Cowright, one of the governing committee of the non-partisan judicial party, for a writ of mandate requiring the board of election commissioners of the city and county of San Francisco to place upon the official ballot the names of several party nominees. At the same time, the court denied the similar petition of J. E. Sullivan.

Had both applications been granted, the voting machines would have been invalidated for use in the coming election, as only one column remains variant on the official ballot prepared for use in the machines.

## OELRICHS WILL CONTEST LIKELY TO BE SETTLED

Another Adjournment Was Granted and Widow's Counsel Talks of Compromise.

NEW YORK, Oct. 22.—The threatened contest over the will of Herman Oelrichs, who leaves his entire estate to his brother and sister, cutting out his widow and 15-year old son, probably will be amicably adjusted, according to a statement made today by Mrs. Oelrichs' counsel.

The will was to have come up for probate today, after being adjourned several times, but Mrs. Oelrichs was not ready today and her counsel, James I. Leland, asked for another adjournment. It was granted, October 24th being fixed as the date.

At the conclusion of the brief court session today Leland said that there probably will be a settlement.

## PRICES OF CANS HAVE BEEN RAISED

Increased Cost of Raw Material Given as Reason for 25 Per Cent Jump.

NEW YORK, Oct. 22.—The American Can company has made a substantial advance in the price of most of its products because of the advance in raw materials. This announcement is made on the authority of a representative of the corporation, printed in the Journal of Commerce today. The statement follows:

"Goods made from tinplate, which include products of the American Can company, are sold at higher prices in the domestic market than have been materially advanced because of the increased cost of tinplate and also pig tin and pig lead. It is from the two last products that we are now in the market for tinplate. This advance in raw materials is a loss on which have not been able to fully announce, as the advance has not been until today, but some extent the advance is equal to 25 per cent."

## TWO 3400 IN AN ENDURANCE TEST

L'Orient Made Fifty-seven Miles and Centaur Landed Thirty Miles from Start.

PITTSBURGH, Pa., Oct. 22.—Two balloons, Centaur and L'Orient, which completed their first aerobatic flight, were launched from the city today in an endurance contest. Centaur, which was piloted by Capt. J. M. McLaughlin, and L'Orient, which was piloted by Capt. J. M. McLaughlin, were launched from the city today in an endurance contest. Centaur, which was piloted by Capt. J. M. McLaughlin, and L'Orient, which was piloted by Capt. J. M. McLaughlin, were launched from the city today in an endurance contest.

## MYSTERIOUS CARS COME ARMED FOR GUGGENHIME

Three Cars Marked "Raisins, Special" Arrive at 2 O'Clock This Morning in Charge of Silent Men.

Three mysterious cars with a canvas-covered attachment arrived in the morning at 2 o'clock this morning. The cars were marked "Raisins, Special." The canvas-covered attachment was a large, bulky object, and the cars were driven by men who refused to speak, giving as their reason that they did not understand English. The cars came from Kentucky and were accompanied by a man named Guggenheim's packing house. The man who was in the car at the Santa Fe yard could throw no light upon the presence of the cars in care of the men at the unusual hour.

## SUNSET LIMITED LEFT THE RAILS

Southern Pacific Flyer Was Wrecked in Louisiana With Loss of Life.

NEW ORLEANS, Oct. 22.—The derauling of the Sunset Limited on the Southern Pacific near here today, injured about forty negroes, one of whom died immediately after the wreck, while others are fatally hurt. Three white passengers were injured.

The Sunset Limited for California left here about noon, and the accident occurred at Boutte, which, although only twenty-four miles west of here, is a run of an hour and a half, owing to the river and intervening swamps. The first report of the accident telephoned back to the city said that the train had overturned and that many persons were killed, and about 100 injured.

A special train, bearing physicians and wreckers, was hurried to the scene.

## ALFRED VANDERBILT AND "YELLOW" PRESS

He Declares That Rich Men Love Their Wives and Families Like Others.

NORFOLK, Va., Oct. 22.—Alfred G. Vanderbilt, who is here attending the horse show, took occasion last night to express his views concerning the recent publicity given reported domestic infidelity among some families in New York's wealthy set, and to defend the "yellow" newspapers, in his opinion, which delight in making "Rich men" and their wives and families as well as the poor man. Of course, they have their differences the same as other people, but unlike the case of a poorer man, a quarrel, no matter how trifling, is made to appear dreadful in the yellow newspapers, while no mention would be paid to the same conditions if they occurred in a family other than a "rich man's."

Vanderbilt said that "yellow" newspapers employ women, who are not known to society, as reporters, whose business it is to nose into the private affairs of wealthy families, while pretending to be friends, and deliberately magnify the most trifling unpleasantness.

## MAGNETIC SURVEY BRIG RE-TESTING INSTRUMENTS IN SAN DIEGO HARBOR

SAN DIEGO, Oct. 22.—The Trig Galilee, which has just completed another trip of her magnetic survey of the Northern Pacific, was taken out to the southern part of the bay today where the survey started and where she is now "re-testing" and preparing to see that they have remained in the same condition throughout the trip. It is expected that the work done by the scientists will be of great benefit to navigators in the future.

## SMOOTH SWINDLER SECURED MONEY ON HIS NAME OF MORGAN

LONDON, Oct. 22.—A man selling himself Gerald Morgan and claiming to be a member of the Harvard Rowing club and a nephew of J. Pierpont Morgan, was today sentenced to the Old Bailey to twelve months at hard labor on the charge of having obtained a small sum of money by fraud from the British bank of Liverpool. He had previously been convicted on several occasions.

## GOVERNOR MORGAN ORDERS INVESTIGATION OF INSANE ASYLUM

HAVANA, Oct. 22.—Governor Morgan, as a result of the deplorable conditions revealed at the national assembly for the insane, has ordered the immediate investigation of the all and the election of new board of directors. While the conditions of the hospital are not good, the governor has ordered an investigation.

## COUNTING MONEY FOR VENEZUELAN REVOLUTION

NEW YORK, Oct. 22.—Captain George Broun pleaded guilty today in the United States Circuit court to the charge of being a party to a plan for counting the silver of Venezuela for the purpose of financing a revolution in that country. He was sentenced to six months in the Kings county reformatory. Leslie M. Brown and T. M. Wilcox, associated with Broun, were fined \$250 and \$100 respectively.

## DENMARK'S NEW PARLIAMENT

CHRISTIANIA, Oct. 22.—The newly elected parliament was opened today by King Haakon, who rejoiced at the "great good will shown by foreign countries toward our fatherland" and the establishment of its independence, and spoke hopefully of Norway future prospects.

## WAS FRIEND OF THE NEWSBOYS

Death of Isaac Wolf, Who Annually Fed Ten Thousand Poor Lads.

CHICAGO, Oct. 22.—Isaac Wolfe, "friend of the newsboys," is dead, but the dinners he gave to 10,000 lads every Thanksgiving night will go on as before. Wolfe was found dead in his bed this morning. He had been in poor health for months and death resulted from a complication of maladies.

Isaac Wolfe was born a poor Jewish lad in London. He came with his parents to America when very young, and as soon as he was able to toddle on the streets he began selling newspapers in Lafayette, Ind. There were few in his pathway, and long before he had come out of his teens he realized that if he ever became rich he would do all he could to lighten and brighten the lives of the newsboys. He saved money, came to Chicago, engaged in the clothing business, prospered, and died worth several hundred thousands of dollars.

Twenty-five years ago Wolfe announced a free dinner for newsboys on Thanksgiving. A hundred boys received the feast. The feast was such a success that Wolfe continued the spread until for several years past 10,000 boys enjoyed his bounty. Those annual feasts cost Wolfe \$500, and just before he died he asked his brother to see that the annual dinner is given this year. Not only will this be done, but the surviving brother has already announced that the dinners will be continued as an annual memorial to Isaac Wolfe.

## SILVERIA IS SAFE UNLESS PRESIDENT CASTRO DELIVERS HIM TO CUBA

WASHINGTON, Oct. 22.—The United States can take no steps to bring about the extradition of Silveria, the Cuban banker, wanted in Havana, and now in Caracas, Venezuela. There is no extradition treaty between the republic of Cuba and Venezuela, and the United States cannot interfere in any way in the case, according to the state department officials. Consequently, the Cuban may ask President Castro of Venezuela to permit Silveria to be taken by Cuban authorities, but the outcome is dependent entirely upon the will of President Castro.

## HIGH WIND, WITH SNOW AND SLEET, SWEEPS TEXAS PLAINS

DALLAS, Tex., Oct. 22.—Wind blowing at a velocity of sixty miles an hour is sweeping across the plains country in the Texas Panhandle, with blizzards and snow. Grass is covered with ice and cattle are in good condition, but the loss will not be heavy. At Channing a blizzard is raging. In the Dallas territory the temperature has been in the 70s, but at midnight it is falling.

## SEATTLE HERE FOR SERIES

Blankenship Injured Sunday and Is Out of Game.

Lou Mahaffey, Popular Empire to Handle Indicator for Next Two Weeks.

Russ Hall and his bunch of Swashes arrived here last night from Oakland to open a week's series with the Fresno Indians today. The Indians have been playing the same series of ball that they played with here first class baseball that it is a pleasure to watch Blankenship get a swift ball on the left knee cap in the afternoon game Sunday and has been out of the game in consequence. Terry McKinnis took the bat with Kane at short and Croll at second. Just before the afternoon game Blankenship broke the strap on one of his knee pads and left it off for the first time this season, and as he would have it, he got hit on the knee for the first time this season and the ball hit the knee that was unprotected.

Gavin will pitch for Seattle today and McGee and Decker will work for Fresno. The game will be called at 3 o'clock, the usual time.

With the Swashes comes Lou Mahaffey, who has made a record as one of the best umpires who has handled the indicator in the Pacific Coast league. Mahaffey rarely umpires behind the bat, but has an accurate eye and his decisions on balls and strikes are almost never questioned by the players. He has a way of smiling when the players kick at his decisions that always carries his point and keeps good order on the diamond. He will spend the remainder of the season here umpiring for two weeks.

Mike took a bunch of ball players fishing at Kingsburg yesterday. Egan, Hilderbrand and Whalen went with him and had a fine day's sport.

Hilderbrand took the Los Angeles express from Kingsburg for Los Angeles last night to play with the Seals at the southern city today.

### SENTENCE OF THIRTY DAYS FOR MILLWOOD ROBBERY

George Davis Gets Light Sentence, While Other Two Suspected Men Get Off.

The Millwood robbery, in which the three men who were implicated were arrested on Oct. 12th, was tried before a jury at Sanger in Justice Walton's court yesterday. Deputy District Attorney Harbour prosecuted. The three men were James Black, John Crowley and George C. Davis. The hearing resulted in a verdict of acquittal for the two first named men on the showing of the prosecution that they were not really implicated. The defendant Davis was arraigned on the modified charge of petty larceny and sentenced to 30 days.

The three men were charged with robbing a man named Schraeder at Millwood. They had been working there and quit, drawing their wages and going in the direction of Sanger. When they left, Schraeder missed a quantity of things from his trunk and suspected the three men. On the way down to Sanger, Davis sold a pair of shoes belonging to Schraeder to a teamster named Hedrick. The rest of the loot could not be located. The men were arrested by Constable Price and brought to the Fresno county jail the same day.

In the trial yesterday the evidence conclusively showed that Davis was guilty of petty larceny, but the other two men knew nothing of the affair. They were at once released. The jury was composed of J. H. Garrison, E. Kummert, A. Gaudreau, J. M. Morrow, T. A. Dennis, L. Cunningham, R. A. Wood, A. L. Tipton, W. T. Agre, L. H. Walton, A. Mills and C. S. Dwyer.

The defendant Crowley turned out to be a remarkable man in his way. A man who possessed a liberal education, he showed proofs of having been at one time a reporter of the legislature. He had toured with Governor Higgins in his political campaign and filled various responsible offices before he became submerged with drink. After the case was over, Crowley discussed politics interestingly and showed clearly that he was well posted on the political questions of the hour. He claimed that he was going to work at anything for a few months and get some money ahead to start himself in another ascent in the world.

### BISHOP JAMES ATKINS TO SPEAK IN ST. PAUL'S

Bishop James Atkins, D. D., will preach at St. Paul's M. E. church, Smith corner L and Fresno streets, tomorrow evening at 7:30 o'clock. The church extends a cordial invitation to all who would like to hear this eminent scholar and divine to be present on that occasion. Bishop Atkins was formerly president for years of one of the solid old colleges of the South and for some years past was the able and scholarly editor of the Sunday school literature of the Southern Methodist church. He is a noted author, especially of a book now attracting wide attention in the thinking world, entitled "The Kingdom in the Crucible," wherein he argues that God's method of advancing His kingdom is mainly by beginning in the crucible, and rightly training the young.

### TEACHERS' CONVENTION COMMITTEE MEETING

A meeting of the committee in general charge of the state teachers' association convention to be held in Fresno during the last week of December, was held yesterday afternoon. F. M. Lane of the Finance Committee reported that there was \$830 in sight, and that some of the districts assigned for canvassing had not been heard from as yet. The committee in charge have set \$1200 as the necessary cost of holding the convention, and from the reports already received it is quite probable that the required amount will be raised. A final report of the finance committee will be in by Thursday, when there will be another meeting. Those present at the meeting yesterday were C. L. McLane, F. M. Lane, A. C. Oliver, Chester H. Rowell and William Robertson.

Ex-Mayor of St. Paul Dead.

### NOVELTY WILL PUT ON MELODRAMA HEREAFTER

Belasco, Brother of the Celebrated David, Will Head the Bill.

Manager Bert Donnellman announces an entirely new change of policy for the Novelty theatre, beginning Monday, November 12th, the house will play melodrama. A large and capable stock company, headed by Walter Belasco, brother of the famous New York theatrical magnate, will hold the boards indefinitely. The latest and best plays will be produced and Fresno will have the opportunity to witness the greatest stock presentations ever attempted at popular prices.

The company will present plays never before seen in this city and it goes without saying that the engagement will be a most successful one. Some scenery is being made and will arrive in a few days from Los Angeles. No stage will be left unimproved or no expense will be spared by the Novelty company to give to the people of this city positively the best attractions obtainable. The prices will remain the same, only the reserved seating capacity will be enlarged so as to allow the patrons an opportunity to reserve their seats and secure them without waiting in line. Seats will be on sale next Monday and thereafter can be reserved one week in advance.

Architects and builders of the latest class recommend Ruberoid Roofing for any style of building. It is as satisfactory on a flat roof as on a pitched roof. It is used in every part of the civilized world, on all kinds of structures, from the humble shack to the handsome cathedral. The United States Government has over three million square feet in use on buildings in the Philippines. Because of its non-absorption of sunlight, Ruberoid Roofing ensures cooler interiors than metal or shingles.

## SAYS WARRANT IS OUTLAWED

Vice to Make Statutory Defense to Charge.

Contest for \$1000 Reward for His Capture—To Be Taken to San Francisco Today.

William R. Vice, the descending Union Pacific agent who was arrested in Madras Saturday night, will set up the defense that the warrant against him has been outlawed, as he never left the state after making away with between \$35,000 and \$40,000 of his company's money three and a half years ago.

The Pinkertons, who have been engaged on the case since Vice first made away with the money, state that he was seen in Honduras where he spent the company's money like water and are looking up evidence to prove their assertion that he left the state. The original warrant against Vice was first destroyed by the San Francisco fire, but the police of that city claim that its validity is not affected and that the swearing out of a new warrant was a mere matter of formality.

Vice will be taken to San Francisco tomorrow morning and seems confident that he will be successful in securing his release. It is claimed that his friends will try to compromise the case with the Union Pacific in case his contention that the charge against him is outlawed, fails. Over 200 Madras people who had learned to like Vice as "Ryan" visited him at the jail yesterday and many offered him their assistance.

It developed yesterday that the display in taking Vice to San Francisco was occasioned by a threatened contest for the reward of \$1000 offered for his arrest by the Union Pacific officials. The police at San Francisco had a detective waiting at the ferry depot for hours Sunday night expecting Vice and his captor, Deputy Sheriff Abe White of Madras, to put in an appearance, but the prisoner was kept at the Madras jail while the controversy over the \$1000 reward waxed hot. P. B. Norton, passenger agent for the Union Pacific in San Francisco, who identified Vice after he was arrested, claims the reward and Abe White claims it for arresting Vice. White arrested Vice before Norton arrived to identify him but denied his identity until confronted by Norton.

M. Kollmann, who lives at 1433 Page street in San Francisco, believes that he was instrumental in the discovery and subsequent arrest of Vice. Kollmann says that he saw Vice (talking to P. C. Theie, manager of the Sugar Pine company, at Madras last Wednesday and that he is sure that Vice recognized him. Kollmann informed Theie of his suspicions and had intended to inform the San Francisco police authorities but business drove the matter from his mind. Vice sent his wife to San Francisco Wednesday night, the same day that Kollmann saw him in Madras and took to the hills the next day.

## "PEEPING TOM" IS AGAIN HEARD FROM ON M STREET

Two Suspicious Characters Lost About Neighborhood, Peering Into Windows—Police Have Descriptions.

M street is the latest scene of the "Peeping Tom" of whom numerous complaints have been sent in to police headquarters during the past three months. Last night Officer Russell received descriptions of two men who have been lurking about that vicinity peeping into windows, and looking about the neighborhood. The complaint came directly from M street, the information being lodged by Samuel Crane, a reported resident of the vicinity. The police are confident of landing the fellows in a day or so if they do not skip out of town before. Chief Shaw and Sergeant Walton are following up a close search on the trail of the criminals in hopes of identifying them as criminals against whom other things may be traced.

## VETERINARY SURGEON GETS INTO TROUBLE

Dr. F. W. Smith, who states that he is a veterinarian of Portland, Ore., was arrested by Officer Crookley in Rosstown last night for disturbing the peace while under the influence of liquor. He was caught terrifying women who came along a quiet pathway near the parking house, and several complaints were made to the officer before he succeeded in locating the man. When arrested Smith claimed to remember nothing of what he had done.

## CURE CATARRH NOW.

Do Not Wait Until Winter or Disease Will Become Chronic.

Many people in Fresno are beginning to cough and sneeze with the fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning and they do not sleep well at night on account of disagreeable tickling and drooping at the back of the throat as a result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal troubles.

If you neglect to treat catarrh when it first comes on, the chances are that it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.

The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble, and you will be free from catarrh and coughs and colds all winter. Remember that Hyomei is sold under an absolute guarantee that it cures nothing unless it cures. The San Joaquin Drug Co. have sold a great many Hyomei outfits, every one with their personal guarantee that it costs nothing unless it cures, and they have seen so many remarkable evidences of the curative powers of Hyomei that they are very glad to continue giving this guarantee with every package.

A complete Hyomei outfit costs but \$1; extra bottles, if needed, 50 cents.

## SLICK WAS TRICK OF THIS RIG THIEF

Young Man Rents Horse and Buggy and Sells Animal to Selma.

Livery.

The combined efforts of the police and sheriff's office have failed, so far, to locate the enterprising youth who on Sunday night rented a rig from the Tippecanoe stables on Fresno and F streets, drove to Selma, and disappeared, and all it is thought that his name is Walter Carver, but that name given, may turn out to be an alias. Some say that the young man is the son of a Coalinga rancher, while others stated that he was a stranger in these parts.

The story is centered about several similar cases, which have cropped up recently. On Sunday morning a well dressed young fellow approached the livery man and hired a horse and buggy for a short trip to Selma. He asked that the rig be left at the corner of Tenth and B streets, and this was done. When the horse and vehicle were delivered the young man gave the name of W. W. Wood.

As he failed to return yesterday, the liveryman began to get anxious and made inquiries. It was then learned that Wood or Carver had sold the outfit to a liveryman named Durham in Selma. The manner in which it was shown showed the work of a master hand in crookery. Driving into the stables with easy grace, the man loudly asked how much the horse would fetch. He then added that he was short of money. The stableman inquired whether he meant the rig and all. At this the young man said, hurriedly, "No, I can't sell the buggy, because that's not mine. I only borrowed it from my brother-in-law. But there's the horse. What will you give me for it?"

The liveryman looked the animal over and offered \$25. This sum was not enough and a bargain of \$40 was finally struck. The money was paid in a check which was afterwards cashed in change after making a purchase of medicine at a drug store. The youth then left and has not been seen since.

When Mr. Durham suspected that the horse had been secured through doubtful means he telephoned to the sheriff's office yesterday morning.

## CRUISER CALIFORNIA HAD NEW ACCIDENT

Broken Bearing Ended Her Second Attempt on Four Hour Endurance Test.

SAN FRANCISCO, Oct. 22.—After two hours of her endurance run, during which she exceeded 23 knots an hour, the new cruiser California today was compelled to put back to port on account of a defective bearing. With her trial board on board, and accompanied by the torpedo boat destroyer Paul Jones, the California steamed out to sea for forty miles and then began a four hour endurance trial run, the last test for the warship before the cruiser is turned over to the government.

After two hours, during which the vessel exceeded her speed requirements, a broken bearing made it necessary to put back to port for repairs. The cruiser will be given another trial tomorrow.

Two Boats for Puget Sound.

DETROIT, Mich., Oct. 22.—The steel passenger steamers Chiappa and Tropic have been sold for \$300,000 to the Puget Sound Bay Line of Seattle, and will soon start on their regular line between the St. Lawrence and around Cape Horn to Puget Sound.

## HENEY'S WORK WELL PLANNED

San Francisco Grifters Have Been Watched.

Abe Ruef Says He Will Assist Investigation — Tells Where "He Got It."

(From Yesterday's Chronicle.)

Assistant District Attorney Francis J. Heney and William J. Burns, chief of detectives, have in their possession certain evidence involving a large number of municipal grafters and others which will be presented to the grand jury that is to be impaneled next week, and which the new prosecuting attorney confidently expects will result in the speedy indictment of the persons he is seeking to bring to the bar of justice.

Yesterday Heney and Burns threw new light on the situation by announcing that they have been preparing their case against the municipal grafters since March 1st of this year. On that date Burns arranged the services of a corps of detectives, began his investigations into the conduct of public officials, bosses and others, which resulted in the gathering of the evidence referred to.

As to the details of this evidence, both Heney and Burns maintain complete silence. Heney points out that the evidence is sufficiently strong and convincing for him to stake his reputation and give up all other business to prosecute the persons he is after, while Burns declares he would not have left the United States secret service unless he was convinced that the evidence he has discovered would stand test in a criminal court and result in convictions.

However, it is believed that much of the evidence is in the form of affidavits, some of which may be republished in court by the persons who have made them. This is one of the reasons why the prosecuting attorney has determined to maintain the strictest secrecy concerning the nature of the evidence he will offer and the names of the accused.

The case against the prosecution of the alleged grafters will be taken when Heney appears before the new grand jury with his evidence and this may occur next week, as the trial to grand jury is returnable next Wednesday.

High Officials Implicated.

That some of the highest officials in their municipal administration are implicated in the charges of graft that will be brought by Heney, both by Heney and Burns, is also intimated by them that the city administration's policies, as well as the city officials, will be defended himself against the charges of graft.

One year ago Francis J. Heney declared that if he ever went after Ruef, he would land him in the penitentiary, and today he feels that the public expects him to make good this declaration.

"Do you think that Ruef or the officials of the municipal administration have any idea of the evidence in your possession?" Heney was asked.

"No," he replied, "they have not the least suspicion of what we have discovered."

When asked if he expected the grand jury would return indictments upon the evidence furnished by Burns and his detectives, Heney did not question. He stated that he did not intend to try his case in the newspapers against Ruef and the city officials that the public is inclined to discredit and discount charges of this nature now, unless they are substantiated by the most complete evidence. It is of course impossible for the prosecution in such cases as this to show its cards, and we can make no exception to this rule.

## How Burns Was Engaged.

William J. Burns' services were first requested by Heney for the purpose of probing municipal corruption, last November. At that time Heney went to Washington and consulted with Secretary Hitchcock with the view of securing a leave of absence for Burns to come to this city. Burns was engaged on several important cases for the government then, and his services could not be spared. In February last negotiations for the services of Burns were again entered into with Secretary Hitchcock by Heney, supported by Rudolph Spreckels, James D. Phelan and others. This time they were successful and Burns came to San Francisco, reporting to Heney on March 1st. Even at this time ample funds were available for the purpose of making the proposed investigations into municipal graft, and Burns had access to these funds. He engaged a staff of assistants, some of whom are said to have been the shrewdest private detectives in the West, and quickly went to work gathering evidence.

It was in just such investigations as that conducted here that Burns has won his greatest successes. All the clever devices for trapping bribe-givers and bribe-takers, marking and tracing the money, and even following the money as it passes from hand to hand, and from bank account to bank account, which are familiar to secret service officers, have been used by Burns in his investigations, and the result has been so satisfactory that there seems but little room for the prosecution to do but take its case into court.

Ruef Offers His Assistance.

Abraham Ruef, the notorious politician, boss of the municipal administration, has offered to assist Heney and Burns in their investigation of municipal graft.

able for his implication in graft charges, and this character, he says, is undeserved. He has even tried to make city officers who were tempted to go astray, hold to the path of righteousness, he says. He was pleaded with some, he states, who were tempted to do wrong, and warned others that, if they do wrong, they would be dismissed.

One of the members of the administration who fell to temptation, he says, he has ousted from his position, and others now in office, whom he suspects of wrong doing, he is planning to relegate to official oblivion; out all this, he avers, he has done and is doing only as a public spirited citizen, and it is as such that he offers his services to Assistant District Attorney Heney and Detective William J. Burns in their prosecution of corrupt officials and grafters.

There has been much speculation as to how Ruef acquired his very large fortune in recent years, and in this connection he says:

How He Made His Fortune.

"I was a wealthy man before I went into politics, but not by doing politics. As a matter of fact, my political career has been an expensive one for me. It has cost me much money. Before I entered political life my private law practice netted me \$50,000 a year, and it has always averaged that since. For some years I have made large sums of money in real estate operations, at the banks of various real estate deals, as much as \$10,000 a year in these deals. I am now wealthy to make it worth my while to accept a fee of \$50 from a saloon keeper to get a license for him, and the charge that I have accepted such fee from such person is ridiculous on the face of it. On the contrary, I have made it a rule never to accept a fee from any one coming to me to appear as my attorney for him, before any municipal commission, turning away hundreds of such would-be clients that have come to my office offering me fees of this kind."

"I am aware that the kind of deals I have made are not what could be desired, but this is in no way my fault. What influence I possess I have used to try to make city officials do their duty and be honest. Whenever I suspected a man of doing what was wrong I have warned him that his actions would not be tolerated. Such an investigation as Heney and Burns are undertaking must necessarily result in good, as, if it has no other effect, it will clear the atmosphere of the municipality of those who are dishonest, and possibly many result in the punishing of some wrong doers."

"As a citizen of this city, I will be pleased to co-operate with them in any way they wish, and place before them any information in my power that can in any way assist them in their work. It is unfortunate that any political motive is in involved in such an investigation, however. It should be free from any malice or personal animosity, and this it is not. Heney was just urged to go into this work by Rudolph Spreckels, James D. Phelan and others, and I know personal animosities against me largely inspired by them. I also know that Burns has been at work here since last March with some private detectives. However, this knowledge did not worry me personally, as I have absolutely nothing to fear. My professional and political life is an open book to all who care to investigate it. Some time ago, when Heney made some charges against me, I offered him \$5000 to go ahead and make good; but he would not take my offer. I defy him to show that I have ever been guilty of doing anything as a lawyer, a politician or a man that is legally or morally wrong."

Hearty.

"As to politics, I am heartily sick of the game. I would gladly retire to-day if I could. I would give \$50,000 to get out of it, if I could retire without being considered a quitter; but I refuse to do so with any animus attached to my name. Under the present circumstances I would not quit if I was given \$10,000. To do so, I want vindication before I get out, and I intend to have it."

Ruef denounced language for becoming a candidate for governor on the Independent ticket while he was disbarred attorney. He said:

"I do not think that any man while holding one office under the state, should be allowed to run for another. There should be an amendment to the charter prohibiting such action, and I intend to try to have such an amendment enacted at the next legislature. I have no criticism to make of Langdon for appointing Heney his assistant; on the contrary, I think it was an excellent move. I tendered the appointment to Heney some time ago, and have always been ready to help him to uncover any wrong doing in municipal affairs here."

## SECRETARY SHAW HAS GOLD ENOUGH

Special Efforts to Facilitate Importations Will Be Discontinued By Treasury.

NEW YORK, Oct. 22.—Secretary Shaw authorizes the announcement that from and after today the efforts to facilitate gold importations will be discontinued. He said in connection with the announcement that importations had exceeded his expectations and he believed that for the present America had quite its share and he had no disposition to disturb conditions in Europe by a continuation of that method of relief.

The secretary also announced that he would stimulate national bank circulation to the extent of \$18,000,000 by accepting approved securities already made, the bonds to be used immediately as a basis of circulation without withdrawal from the treasury.

SAN BERNARDINO, Oct. 22.—A mystery in the death of an unknown Japanese was discovered at a coroner's inquest tonight at Barstow. This morning a Japanese man was found dead on a work train on which he was beating his way. The Japanese was picked up at Cottonwood yesterday. Two bullet wounds were afterward discovered on the body. One penetrated the left leg, smashing the bone, and the second, which caused death, entered the head at the bridge of the nose. He was supposedly murdered by a gangster and thrown under the train to hide the crime.

DEATH CLOSING LIFE OF BRIGHT YOUTH

Benjamin H. Roswell Is Taken from Early Manhood By White Plague.

After suffering from tuberculosis for many months, and standing in the shadow of death for some time, Benjamin Hamilton Roswell, the 18-year-old son of Nolan Y. Roswell of 3032 Nevada street, passed into rest last night shortly before midnight. The end was attended with no pain, and it was some time after his passing before the loving ones gathered about him, realizing that he had gone out of life. The remains were removed to the undertaking establishment of Shannon & Heall for preparation, and the funeral will take place at a date to be designated later.

Young Roswell, before his illness, was known as a promising youth of intellect and vigor. Intelligent, generous and a leader in the young sports of his companions, he was regarded as a young man of promise. His illness grieved his many friends, but his death will not come as a surprise, as it has long been known that he was on the grave's brink.

INSURANCE EVILS IN HOOSIER STATE

Special Committee Has Reported to the Governor That Premium Rates Are Excessive.

INDIANAPOLIS, Oct. 22.—A special committee appointed by the governor which has been investigating the office of the state auditor for a year with special reference to mutual and stock life insurance companies, today submitted its report to Governor Hanly.

The general conclusions of the committee are "that the cost of life insurance to the public is too high. The present maximum premium rates for insurance are so much in excess of needs as to permit of extravagant management of the companies, theft of their funds, division of profits and other great abuses, without injuring the companies' solvency. Indiana companies, like many companies of other states, have been guilty of extravagance and abuse, though they have maintained solvency."

## COLORADO STORM WORSE LAST NIGHT

Twenty Inches of Snow in Fall and Prospects of the Fall Continuing.

DENVER, Oct. 22.—Snow, wind and cold have extended over nearly the entire country between the Rocky mountains and the Missouri river today, causing heavy losses of live stock and fruit. Telegraph wires have been prostrated and railroad schedules deranged.

The storm is almost unprecedented for severity at this season of the year, and takes rank, according to the weather bureau, with the snowfall on April 22 and 23, 1885. Up to 6 o'clock this evening about twenty inches of snow had fallen in Denver and indications were that the snow would continue all night.

## FAIRBANKS ADVISED OKLAHOMA PEOPLE TO LET WELL ENOUGH ALONE

OKLAHOMA CITY, O. T., Oct. 22.—"Let well enough alone," was the political trend of an address by Vice-President Fairbanks to an enthusiastic audience of 5000 persons that assembled here to hear him tonight, despite cold, disagreeable weather. The vice president was introduced by J. L. Hamon, president of the territorial commission as "the next president of the United States."

## GANG OF CROOKS BOBBED A TAILOR ON KEARNEY STREET

SAN FRANCISCO, Oct. 22.—Four men held up an drobbled W. Cohen, a tailor, shortly before 8 o'clock tonight on Kearney street, near Pacific. Cohen says he recognized one of the men as an ex-convict. One of the men covered Cohen with a revolver while another man filled his pockets and relieved him of \$25. Two other men stood close by and acted as lookouts.

No Information of Disaster.

ST. PETERSBURG, Oct. 22.—Neither the exact number of the victims of the disaster to the steamer Arango which struck a floating mine in Kangeow bay yesterday and sank in twenty minutes, nor their nationality, has yet been ascertained.

## SOCIETY

Among the several delightful happenings of yesterday the dinner which Mr. and Mrs. H. H. Harris gave last evening in honor of their guest, Mrs. Hugo Schilling of Berkeley, was most charming. A congenial company, attractive dinner table and tempting menu combined to make this dinner an exceedingly enjoyable function and a pleasing compliment to the guest of honor. Mrs. Schilling concludes her visit in Fresno. Pink carnations formed the decorations of the daintily appointed dinner table last night about which gathered with the host and hostess, Mrs. Schilling, Mr. and Mrs. Louis Einstein, Mr. and Mrs. W. C. Coates, Mr. K. G. Storer, Miss Martha Strong, Dr. Chester Rowell, H. M. Johnston and John Short.

A musical evening followed the dinner. The Query club met yesterday afternoon with Mrs. H. Z. Austin for its usual weekly study session. For comparative study with Homer and Juliet the club read Tennyson's "Lancelot and Elaine," comparing the loves of Elaine and Juliet. Miss Ima Dickinson was one of the newly-elected members present yesterday. Mrs. H. O. Baker will be the club's hostess next week, when Mrs. Miller will be present to continue in the Shakespeare study.

Mrs. A. V. Lisenby will entertain the ladies of the First Methodist Church Aid society today at her home on North J street.

The North Park circle of the First Presbyterian church will meet this afternoon with Mrs. Frank Lyman on Van Ness avenue.

Mrs. G. L. Warlow entertained at a pleasant luncheon yesterday at her suburban home in honor of Mrs. A. H. Willis of Oakland, who is visiting her sisters, Mrs. W. J. Kittrell and Mrs. S. H. Redden. Beautiful autumnal tints prevailed in the table decorations consisting of autumn leaves and fruits in brilliant coloring. Those present to meet Mrs. Willis were: Mrs. George M. Bales, Mrs. A. N. Lopez, Mrs. Gertrude Gordon, Mrs. J. R. Walker, Mrs. S. H. Redden.

Mrs. Willis will return home on Saturday.

The Home department of the Parlor Lecture club will meet tomorrow afternoon with Mrs. J. N. Bostick on Amsterdam street to arrange for a rummage sale which the department expects to give soon to raise funds for the new club house.

The proceeds of the baseball game next Saturday at Recreation park will be generously donated to the Parlor Lecture club women for the new building which they hope to build this year. The ladies are actively engaged in working up interest in the game on Saturday and hope for big results.

The Ladies' Aid society of the Christian church will meet this afternoon at the church parlors. The members are much elated over the results of the recent rummage sale whose proceeds added \$180 to the treasury of the society.

The Epistolar circle of St. Paul's M. E. church will meet this afternoon with Mrs. Faler at 1224 M street.

Mr. and Mrs. George Rowell and Miss Bernice Rowell dined on family last night with Mr. and Mrs. George J. Warlow.

One of the most interesting suburban weddings of the year occurred on Sunday evening at the home of Mr. and Mrs. B. Morgan Baird in Academy when the late's daughter, Miss Edith Genevieve Baird, became the wife of Alvin Morgan Baird, the son of Mr. Baird. The family is one of prominence in the county and the two young people are well known, although the groom has for several years lived away from here, having been in business in Stockton. The bride is an unusually attractive young girl with brilliant coloring and a pair of wonderful brown eyes. She is a cousin of Mrs. George Rowell and bears a close resemblance to her cousin. There were about sixty guests at the wedding, friends and relatives from Clovis, Inn-

## NEWS NOTES OF VISALIA

**Small Boy Run Over By Rig, But Is Not Hurt.**

**Santa Fe's Intention of Doing Away With Night Train Will Call Forth Protest.**

VISALIA, Oct. 22.—Henry Goldstein, a prominent merchant of this city, was wedded to Miss Stella Hartman of San Francisco Sunday afternoon at 2 o'clock at the home of the bride's sister, Mrs. J. Newman, 1338 Post street, in the Bay city. The ceremony was performed by Rabbi Levy in the midst of a shower of roses. Following a wedding dinner was served. The couple left later for Los Angeles on a honeymoon trip. They will arrive in Visalia in a week to make this city their home. The bride is prominent in San Francisco society, and is a popular young lady.

Those present from Visalia were Mr. and Mrs. J. Goldstein, Miss Maloline Goldstein, Mrs. M. E. Leeman and Leon Goldstein. Albert Goldstein, a brother of the groom residing in San Francisco, was among the guests.

About noon today a team driven by a man named Jack took fright at the minister's band and bolted. Directly in the path of the animals was Alvin West, a youth of 12 years, leading a bicycle. The boy was thrown to the ground and run over and the wheel smashed to bits. Strange to say, although two wheels of the rig passed over his body, he was not seriously hurt and was able to walk about after a short time. The team was stopped after running for several blocks. It seems quite likely that a strong

ford, Visalia, Stockton and other neighboring places. Six of the bride's girl friends attended her as bridesmaids. Beautiful decorations in autumn tones made the rooms unusually attractive for the ceremony, which took place at 7 o'clock. Judge George E. Church of this city performing the ceremony.

Beneath a canopy from which hung a wedding bell composed of white blossoms, the vows were exchanged. The bride was exceedingly fair in a diaphanous gown of white mull. After the ceremony the young couple were showered with congratulations and later a sumptuous wedding feast was served. Then the bride changed her bridal array for a becoming champagne shaded tailor gown with a white tail to match. An automobile awaited to take the bride and groom to Fresno, where they boarded the northbound Owl for Stockton where they will make their home.

Mrs. T. E. McShane of Los Angeles is the guest of Mrs. and Mr. Willis. The visitor is en route to San Francisco to reside and will remain in Fresno until Thursday.

An important meeting of the St. Thomas guild ladies will be held this afternoon at the home of Mrs. J. A. Webster, corner of Fresno and P streets. The final arrangements for the church's anniversary will be made today.

Miss Alta Donahoe of Oakland is visiting her brother and his wife, Mr. and Mrs. Emory Donahoe, on Van Ness avenue.

Miss Edna Cooper will be hostess this afternoon at a 4 o'clock tea to which she has issued informal over-the-phone invitations.

The ladies of the First Christian church feel much gratified with the success they are having with the music of the church. It was given to the ladies to assist in the matter of getting a leader for the choir, and they succeeded in obtaining the services of Walter Olney, who assumed charge on Sunday at the special musical services which were much enjoyed. Mr. Olney has had considerable experience in musical affairs and will doubtless prove an acquisition to the music of the church.

On Sunday afternoon a pleasant birthday celebration occurred at the home of Mr. and Mrs. Edward Starkel on Blackstone avenue in honor of Mrs. Starkel's 29th birthday. After a pleasant afternoon of games and music, the merry company sat down to enjoy a delicious birthday supper. Decorations of pink and blue streamers and bells made the room most attractive. Those present were Mr. and Mrs. McDonald, Mrs. Dawson, Mrs. Kirby, Miss Lincoln, Miss Mabel Dawson, Mrs. Palmer, Miss Callum, Misses Rosie and Maud Starkel, Messrs. Orr, Roberts and Hicks.

The monthly meeting of the Women's auxiliary of the Y. M. C. A. was held yesterday afternoon and while not so largely attended as usual owing to several conflicting duties, much interest was manifested in the plans for the season, which will include the annual reception on the 8th of November. The appointment of the various committees was left to the president, who will later choose her assistants in this undertaking. This annual social event of the association is for all the members of the auxiliary and has always been a delightful affair. It will be held as usual in the association reception rooms which are well adapted for entertaining purposes. The annual election of officers will be held at the meeting next month and in view of the approaching election-nominating committee was appointed yesterday composed of Mrs. Cotten, Mrs. G. A. Balch, Mrs. Robert McCurt. Matters of routine business occupied the rest of the afternoon session. Mrs. W. R. McIn-

Jamie Short is here from Carmel-by-the-Sea on a visit to his father, John W. Short. He made the trip from Carmel on his new motor cycle and during his stay in Fresno will be with his cousin, Frankie Short. He attends High school in Monterey and as this is institute week the students are having a vacation, which ends the last of the week.

protest will be voiced by local business men against the taking off of the Santa Fe night train through this city for San Francisco. The train is by long odds the most popular in Visalia on either road, particularly with those who cannot spare the time for a daylight trip to the bay. Some months ago when the railroad announced its intention of removing the train, there arose a strenuous protest, threats being made by some to boycott the road. It is proposed to run the limited through Visalia at night to compensate for the loss, but as that train comes from Chicago and is liable to be from one to ten hours late, it is declared that there will be no call for a train at all.

Several local Masons will probably go to Fresno Saturday night to attend a meeting of the Royal Arch chapter, at which time the officers of San Francisco chapter No. 5 will be on hand to administer the Royal Arch degree.

Charles Morgan, Western Union manager at Fresno, and C. E. Spear, traveling passenger agent for the Southern Pacific of that place, spent Sunday with C. H. Jasper, local S. P. agent on a hunting trip in the Dry Creek valley. Mr. Spear bagged the limit of quail, while the other two secured as many between them.

Mrs. Arnold, mother of Mrs. J. W. Rath of this city, is lying at the point of death in San Jose as the result of being run down by a motor cycle. Mrs. Rath is with her.

A marriage license was issued today to Harry James Garrett, a native of California, aged 26, and Annie Viola Harlow, a native of Mississippi, aged 22. Both are residents of Visalia.

**CATHOLIC DIGNITARY SUGGESTS COMPROMISE**

NICE, France, Oct. 22.—While declining to speak by the authority of the Pope, Bishop Chapin, in an interview today, partly declared his conviction that if the hierarchy, through the bishop, is given the right by the council of state to decide on the regularity of the cultural associations in France, to which church property may be surrendered, a modus vivendi between the church and the government is possible and the nation will not insist upon parliamentary action in this connection.

## WORK ON SUBWAY TO START TODAY

Several Carloads of Laborers, Who Will Work on Structure, Arrive in Fresno.

That work on the Fresno street subway will actually be started today is the statement of Division Engineer F. L. Burkhalter of the Southern Pacific, who made a trip to Fresno yesterday with his assistant, Thomas Humphreys, of Ukiah.

The unloading of several cars of piles yesterday afternoon, and some stages of several carloads of piers seems to bear out the statement of Mr. Burkhalter and today may witness the starting of work on the much delayed structure.

It is planned to start the work of driving piles with the local yard pile-driver today and to get another pile-driver from Los Angeles as soon as practicable. Mr. Burkhalter says that excavation will be begun as soon as the necessary piles are driven to support the tracks.

## IN THE LODGE ROOM.

The young women of Florian institute enjoyed a busy and profitable session last night in Knights of Columbus hall. The meeting guests of the institute have been necessarily changed as after the first of November the hall will be occupied weekly on Monday evenings by Navajo council, Degree of Pequotia. The institute has decided upon the second and fourth Tuesdays of the month for the meetings. On account of the dance to be given on the 24th in Armory hall by the young men of St. John's parish in aid of the Catholic fair fund, the young ladies have had to postpone their party. They have been assisting the young men in the sale of tickets and have met with much success which promises well for the ball on the 24th. Florian institute talked last night of plans for its booth at the fair in November. I will be a fancy work booth with one section devoted to fancy articles, while another feature will be a refreshment room where light refreshments may be obtained. Much interest is manifest in the arrangements.

**Fraternity Brotherhood.** Fresno lodge, Fraternity Brotherhood, is preparing for a jolly hallowe'en affair next week. The final arrangements were made last night at the lodge's weekly session. All the witchcraft pertaining to the mystic night will be observed and the decorations, too, will be in keeping with the spirit of the occasion. Dancing will be a feature of the evening, and also numerous games and music will add to the pleasure of the guests. The friends of the lodge members will be included in this evening of merry making. After a short routine business session last night the usual social hour with dancing was enjoyed by the members. Mrs. Anna Hoppeck, Mrs. J. R. Jones, Mrs. Rose and Mrs. Musselman are the committee arranging for the hallowe'en social.

**Eastern Star.** Raising chapter, O. E. S., had a well attended meeting last night, the members being especially interested in the report of the delegates from the recent grand chapter in San Francisco. Three candidates were initiated last night, Mrs. Auerstron, Mrs. Marks and Miss Ely. In two weeks the annual election of officers will be held and following will be the installation ceremonies which are usually a feature of the social life of the year. There was a pleasant banquet to close the session last night.

**Maccabees.** Fresno tent, Knights of the Maccabees, met last night for social purposes rather than for business, although a brief business session was held early in the evening. Following a social time with music and speeches filled several hours very pleasantly and in conclusion the knights adjourned to a near-by cafe to partake of an oyster supper. Plans are on foot for a joint social affair to be held with the Lady Maccabees in the near future. A committee consisting of J. R. Weyrick, W. W. Dodge and J. H. Anderson was appointed to confer with a committee from the Lady Maccabees in regard to the social.

**Odd Fellows.** The third degree was conferred last night upon E. G. Hode at a well attended and lively session of Fresno lodge, I. O. O. F. Next Monday is the fifth anniversary of the lodge's organization and a social evening enjoyed by the members. The committee in charge have arranged for an evening of pleasure including a program of music and recitations and refreshments.

**Eagles.** Fresno acie of Eagles have postponed the big initiation which has been planned for this month until next week—the last meeting night in the month when they expect to have the biggest initiation on record, taking into the ranks several prominent men of the town. All the attendant festivities of initiation will be introduced and Eagles from far and near will be on hand to join in the fine lively doings.

**MANY NEW MEMBERS JOIN THE Y. M. C. A.**

Enrollment Is Larger Than Was Expected, the 100 Mark Being Passed.

The members of the Y. M. C. A. are jubilant over the success of their membership campaign. Shortly before the first of this month, at the annual banquet, the members pledged themselves to get 100 members by the 1st of November. At closing time last night the association records showed an increase of 104 members for the twenty-two days of October and before the month is out the number will probably reach 120 at least. This brings the total membership to 236 and it is the present aim of the boys to raise this number to 500 by Jan. 1, 1907.

Formerly, the membership campaign was carried on by means of competitive clubs, but this system was not highly satisfactory and was abandoned. Now each member does his best to get new members and thus far the plan has proved quite successful.

Last night the singing class in preparation for the annual bazaar, as yet this class has not a very large enrollment, but new students are coming in daily. The other classes are for advanced work and several members have signified their intention of entering this class. The other educational classes are prospering and gaining in membership daily.

## SATURDAY'S BIG MEETING

Special Trains from All Points in County.

Gillett-Needham Meeting Will Be Monster Affair—At West Park Last Night.

From all indications, Saturday night's Gillett-Needham meeting will be the biggest of the campaign. In addition to excursions from all towns in the county, big delegations are expected from Hanford and Mendota, where Gillett will not be able to speak.

The train schedule and fares round trip from county towns are as follows: Kingsburg, 6:30 p. m., fare 52 cents for more than 40 people, 50 cents for less; Selma, 6:30, 60 cents; Fowler, 6:45, 50 cents; Madera, 6:45, 30 cents; Reedley, 6:45, 70-95c, according to less or more than 60 people; Sanger, 7:00, 50 cents.

At the banquet afterwards the county candidates will be guests, along with the committeemen.

**West Park Meeting.** West Park schoolhouse was filled to its capacity last night to listen to the candidates on the Republican county ticket. It was the first meeting of Republicans in that precinct, and the interest and attendance were very gratifying.

A. S. Perkins acted as chairman and the colored campaign quartet furnished a pleasing entertainment. Nearly all the county and township candidates were present and made short addresses, all being accorded a flattering reception.

J. E. Darious, in an interesting and able address, advocated the election of the Republican ticket. He outlined the position of the Democratic party, arguing that the Republican party was now more than ever before, entitled to the confidence and support of the people for performance of every promise in its platform.

J. O. Traher concluded the evening in a forcible address, repudiating the charge of railroad domination in Republican politics.

**Democratic Meetings.** Democratic meetings are announced for this week as follows: Tuesday night, (candidate: speakers, George W. Cartwright, Thomas A. O'Donnell and county candidates; Wednesday night, Fresno: James D. Phelan of San Francisco and Cartwright; Thursday night, Washington colony: Cartwright, T. J. Alexander and candidates; Friday night, Washington colony: Cartwright, O'Donnell and candidates; Saturday night, Coalinga: Cartwright, Davis S. Ewing, O'Donnell and candidates.

## FRANK LANE LECTURES BEFORE AUDUBON SOCIETY

Classification of Birds the Subject Of His Talk.

A meeting of the members of the Audubon Society of Fresno county was held last evening in the lecture room of the High school, the main feature of which was a talk on bird classification by Frank M. Lane, principal of the Hawthorne school. The attendance was small, only members of the society being present.

Mr. Lane had on the walls to illustrate his lecture a collection of colored pictures of many birds, and used these to make more clear to his audience the various characteristics of land and water fowl. Time did not permit of his going into particulars with regard to the local birds of the San Joaquin valley, but this will be done in a later lecture.

At the conclusion of Mr. Lane's talk some remarks were also made by Chester H. Rowell, W. R. McIntosh, City Superintendent, McNamee, president of the society, and by Dr. W. N. Sherman.

## WIDOW WAS KILLED THROUGH A WINDOW

Tragedy in Missouri Cost Two Lives and Posse Is Searching for Assassin.

COLE CAMP, Mo., Oct. 22.—While Mrs. Alice Winimiller, widow, was sitting with her five children in her home, seven miles from Warsaw, last night, shots were fired through the window and Mrs. Winimiller was instantly killed. Her son, aged 14, was badly wounded.

Edith Crawford, a neighbor, who heard the firing and hurried to the scene, was shot and died two hours later. His son-in-law, J. A. Long, is charged with having done the shooting. A posse, headed by the sheriff is scouring the Pettis county hills searching for Long.

## FREIGHT CONDUCTOR WAS KILLED ON EVE OF WEDDING TRIP

MILFORD, Mont., Oct. 22.—Passenger train No. 8 of the Northern Pacific railway, running between Helena and Butte via Logan, crashed into the rear of a freight train, operating in the Logan yard, at an early hour this morning. Thomas Worlein, conductor of the freight train, was crushed and burned to death in the caboose, which was destroyed by fire. Engineer Ross of the passenger train was injured and the fireman, who jumped from the caboose, was slightly hurt. Worlein was recently married to a Helena young woman and was to have left on his wedding trip today.

## S.S.S. RIDES THE SYSTEM OF MALARIA

The healthy color of the skin is given to it by the millions of little red corpuscles in the blood. These are the carriers of nourishment, health and strength to all parts of the body—in other words the very life of the blood. When the germs of Malaria get into this vital fluid they destroy these corpuscles and rob the blood of its rich, life-sustaining qualities, rendering it thin, weak and watery and unable to supply the system with the needed strength to resist disease. Then the symptoms of Malaria such as pale, sallow complexion, weak vitality, poor appetite, deranged digestion, a general "let down" condition of the system, and perhaps chills and slight fever, show that this insidious disease is gradually affecting the entire health. Malaria must be removed from the system through the circulation, and the medicine to accomplish this is S. S. S. It not only cleanses the blood of all impure, unhealthy matter, but rid's the system of Malaria, and restores the blood to a strong, healthy condition. S. S. S., besides removing the germs of Malaria, builds up and gives tone and vigor to the entire system by its fine tonic effects. Malaria is a blood disease, and S. S. S. cures it because it is a perfect blood purifier. Book on the blood and any medical advice without charge.

## BOWLING SEASON OPENS SATURDAY

W. H. Anson to Have Charge of Brunswick Alleys This Winter.

Bowling, the winter sport, will open in Fresno for the season at the Brunswick alleys Saturday night. W. H. Anson of Los Angeles, who has been in charge of the Sycamore and Monarch alleys of this city, will conduct the local alleys this season. The alleys are now being planned and put in shape and new pins and balls are on the way from the East.

While some of the alleys will perhaps be ready for play by the middle of the week, the formal opening of the bowling season here will occur Saturday night. Plans are being made for the reorganization of the bowling clubs that carried off such a successful tournament here last winter and it is probable that ere the season has got into full swing, that many contests will have been arranged.

Mr. Anson is a nephew of the famous "Pop" Anson of baseball fame who is now city clerk of Chicago and is a holder of considerable experience and ability.

## LOWER COURT DAILY GRIND

Thomas Bonner, for Robbery, Gets Sixty Days.

Good Name of Man Who Stole Rig Saves Him from the Penitentiary.

Thomas Bonner got off easily on what promised to be a serious charge yesterday when arraigned before Judge Briggs. He was charged with stealing a horse and rig from the Cosmopolitan hotel on last night. At his examination on the following morning, he pleaded that he had no intention of stealing the outfit, but was under the influence of liquor and wanted to take some girls out for a ride. Yesterday afternoon in court he expressed sorrow, stating that he had never been in trouble before. His record was looked up and showed that he was really a decent man with only the one blot on his name. Judge Briggs decided that he was worth a chance, as the owner of the rig had suffered no loss. Bonner was sentenced to sixty days with the alternative of paying a fine of \$60.

**This Man Used His Skate.** Because he could not effectively drive home the point of an argument to the mind of J. M. Rustigan, an unknown man, with whom he was conversing, whacked him over the head with a roller skate which he held in his hand. The man with the skate had been drinking. The struck man swore out a warrant for his arrest before Judge Smith yesterday, and the constables are now looking for the fellow who has been vaguely described as John Doe.

**Bad Boys Steal Birds.** Charming two lads named Hugh Adams and Chester Bales with stealing their pigeons, S. A. Robinson and W. N. Shively yesterday swore out warrants for their arrest on a charge of burglary. The lads were arrested by Plain Clothes Officer McSwain. According to the story of the complainants, they had a number of valuable fancy pigeons at the rear of their home at No. 846 E street and have been missing some of them for several days past. The matter was complained of October 16th for the first time, and the pilfering stopped for a while, only to commence recently. The lads are 15 years old. Both boys are sons of respectable parents. Bales is the boy of G. M. Bales of this city, while the other is the son of an employee of the Santa Fe railroad. The lads strongly deny their guilt and will come today. Their case will probably be handled by the Juvenile court.

**Drink and Idleness.** Once more has old William Carlson, the teetotaler grinder, tried to get away a charge of drunkenness. Judge Briggs told him to leave town, but the old fellow tried to explain that he could not do so as he had his hand cart and had no horse to pull it. He got a suspended sentence.

Louis Spivey, upon whose head a floater already dangled, appeared to answer a charge of vagrancy. He promised to do better and got one last chance.

A Goodman and Jack O'Brien, lads, got thirty days each.

Jack Huntley, drunk, arrested by Officer Ems on Sunday night, pleaded guilty and said it was his last spree. He was turned out with suspended sentence.

John Shado, arrested for vagrancy, by Plain Clothes Officer McSwain, pleaded hard to be given a chance to work. He was released on a floater.

Jack McCarthy, who was arrested by Policeman Fair two nights ago, admitted being very drunk. He got a good chance on the strength of his former good name.

The rest of the motley bunch were John Peggs, vag, handed out thirty days; Smith, an inoffensive fellow, Robert O'Neil, another vag, who was given a chance; F. M. Frye, a drunk, pulled in by Policeman Gooding and turned out with suspended sentence; W. Smith, who, who got a floater and was urged to use it without delay.

## PRICES CURRENT

CHICAGO, Oct. 22.—Despite lower prices at Liverpool, the wheat market here displayed considerable strength early in the day on a good demand by commission houses, which was based upon a small movement in the Northwest, despite favorable weather for the marketing of grain. As a result of this continued small movement, stocks of wheat at Minneapolis showed a decrease—an unusual condition at this season of the year. During the last hour of trading offerings became more liberal on selling by commission houses with Northwestern connections. There was also some selling for profit, the result being a gradual decline in prices. The late offerings were based upon a report from Duluth estimating tomorrow's receipts at 500 cars in excess of today's arrivals and the heavy receipts at Kansas City. The market closed weak. December opened 34 1/2c to 3 1/2c higher at 73 1/2c to 73 3/4c and sold off to 72 1/2c, closing 72 1/2c off at 72 1/2c.

The corn market became rather weak late in the day on selling by pit traders, who were influenced by the weakness of wheat. December closed a shade lower at 41 1/2c to 42c.

Softening in the oats pit was firm early in the day, but later the market reacted on selling and closed weak. December closed 3 1/2c to 3 3/4c lower at 32 1/2c to 32 3/4c.

Provisions were steady on the buying of January ribs by local packers. The total trading was small. At the close January pork was off 5c. Lard was a shade higher. Ribs were a shade lower.

NEW YORK—The market for export apples is steady, with choice quoted at 80c to 85c; prime, 60c to 65c; medium, 40c to 45c; and from 5c to 10c for the large-sized Oregon fruit. Apples are firm; extra choice, 17c; fancy, 18c to 20c.

Peaches are steady for spot; choice, 11c; extra choice, 12c to 12 1/2c; fancy and extra fancy, 12c to 12 1/2c.

Bulbs are firm. Loose muscels are quoted at 3 1/2c to 3 3/4c; seeded raisins, 6c to 6 1/2c.

LIVERPOOL—Close: Wheat, 6s 4 1/2d; March, 6s 5 1/2d.

SAN FRANCISCO—Wheat strong: December, \$1.25 1/2; May, \$1.14 1/2; cash, \$1.25. Barley strong: December, \$1.10 1/2; May, \$1.14 1/2; cash, \$1.08 1/2. Corn quiet: large yellow, \$1.35 to \$1.40.

STORM SWEEP  
MIDDLE WESTColorado Blizzard Was the  
Worst Since 1892.Crest Moved Farther East—  
All Railroads and Tele-  
graphs Have Suffered.

DENVER, Oct. 22.—The storm throughout the mountain region, which began here with rain on Friday, changing to snow on Saturday, subsided this morning. It is said to have been one of the worst storms in this vicinity since 1892. There was more than a foot of snow on the level and the melt-off snow measured one and eight-tenths inches. The temperature fell to 29 degrees.

Locally, but little damage was done. Sheep men in Wyoming, Colorado and New Mexico, it is believed, will suffer heavy losses, as they were unprepared for such severe weather. There are hundreds of tons of sugar beets and thousands of barrels of apples still open in the northern part of Colorado, and should the cold continue the damage will be very great to the ranches. The telegraph service throughout the West is badly hampered and trains are infrequently late.

F. H. Brundage, head of the local weather bureau, today furnished the following account of the storm and its cause:

"The crest of the cyclone remained on twenty-four hours over northern Colorado, with the barometer low in the Northwest. The distribution of pressure caused strong winds in Wyoming, eastern Colorado and New Mexico. With the low temperature, the precipitation spread southward. The scope of the storm included southern Wyoming, Colorado and northern New Mexico. This condition remained steady for twenty-four hours, but there came a change Sunday which ought to break in the storm very shortly, though the low temperature will probably remain until Wednesday.

PUEBLO, Colo., Oct. 22.—The blizzard which has been raging in this city and vicinity since early Saturday afternoon slightly abated this morning. Railroad and street car traffic is badly crippled. The Rio Grande west of Pueblo has suffered most from the snow, which is unusually heavy along its line, ranging from 10 inches at Florence to 30 inches at Canonville. Trains from the East are generally from a few minutes to several hours late. Cattle and other stock on ranches suffered from the wet snow and cold.

A special dispatch from Pueblo, twenty-eight miles west of this city, says that 42 inches of snow has fallen there and that it is still snowing.

COLORADO SPRINGS, Oct. 22.—The severe blizzard which has been in progress for the past twenty-four hours broke this morning. Trains are somewhat delayed. The temperature in Colorado Springs this morning was about 15 above zero.

ELLIS, Kan., Oct. 22.—Colorado's snow-today is passing east and precipitated in western Kansas. Passengers reaching here this morning on isolated transcontinental trains report a heavy snowstorm between Ellis and Denver, at some points assuming the proportions of a blizzard, with from four inches to one foot of snow on the ground. The temperature is moderate, however. The snow is drifting badly at a good many points. A twenty-four hour rainstorm preceded the snow.

SALT LAKE, Oct. 22.—Railroad service between Salt Lake City and Ogden is utterly discontinued. The terrible blizzard Saturday night and Sunday morning carried down all telegraph wires, making the dispatching of trains in regular order impossible. Without telegraph service, the Denver and Rio Grande system is moving a few trains. The Oregon Short Line is blocked by a wreck near Woods Crossing, where thirty freight cars were blown from the rails during the storm.

Two train passenger coaches on the Salt Lake and Ogden railroad were blown from the track near Cornudas, rolling into the ditch and the conductor and two passengers were painfully bruised. The Salt Lake and Ogden line is blocked by many trees blown across the track. In Salt Lake City more than 2000 large shade trees were uprooted and throughout the city fall buildings in

course of construction were wrecked.

OGDEN, Oct. 22.—The windstorm of thirty-six hours, which ended at 4 o'clock this morning, killed one man, injured many and \$100,000 damage was done to property. Lillian Hibbs, while attempting to anchor his barn, was struck by a flying plank and instantly killed. Barns were overturned, roofs of houses blown off, plate glass windows smashed, trees uprooted and telegraph and telephone wires prostrated. The Catholic church suffered great damage. During the night of 13 and 14, three fires broke out, but were controlled by the fire department.

DULUTH, Minn., Oct. 22.—A blizzard of heavy snow, six inches or more, fell last night in northern Minnesota, covering the Vermillion and Mesaba ranges and extending as far as Fosston.

CHEYENNE, Wyo., Oct. 22.—The storm which began in northern Wyoming Friday and which spread generally over the state Saturday and Sunday still continued without abatement in this section today. About a foot of snow has fallen and all trains have been delayed. Stock on the range is in good condition and there will be little loss unless extremely low temperatures follow.

The storm increased in violence as it reached the southern part of the state and wires are reported down west and west. The report that a railroad brakeman was frozen to death while out with a flag is unconfirmed.

**A Most Worthy Article.**  
When an article has been on the market for years and calls friends every year it is safe to call this modeling a worthy one. Such is Ballard's Household Syrup. It is positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says:

"For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Household Syrup. I know it has saved my children from many sick spells." Sold by Geo. H. Monroe.

## HANFORD BUNKO MAN NOTED CONFIDENCE OPERATOR

W. H. Williams Turns Out to Be "Crooked Mouth" Greene, Who Served Five Years for Victimizing a San Joaquin Farmer Out of \$5000 a Dozen Years Ago—Sold a Gilded Brick to a Stockton Capitalist for \$17,000 Six Years Ago—Other Bunco Schemes Successfully Worked—His Pal, J. C. Harris, Also Believed to Have a Long Criminal Record.

W. H. Williams, who has confessed that he is John R. Green, sent up from Stockton a number of years ago for bunking a former named Brack.

J. C. Harris, the other bunco man, who is believed to have a record also.

W. H. Williams, the elder of the two bunco men who fleeced Mike Brack, the Hanford farmer, out of \$5000 Thursday afternoon, has admitted his identity to Sheriff Buckner of Kings county, and turns out to be one of the smoothest confidence men in the country. He is John R. Greene, alias "Crooked Mouth" Greene, who has taken many thousands of dollars away from unsuspecting but

avaricious victims. Greene's method is to find a man looking for easy money, strike up a trade with him, giving him all the best of the bargain. Each he puts up money, and Greene changes the tags or what he gives the prospect is. The unsuspecting victim does not detect the trick that he has been given worthless watches or the like until the bunco man has time to escape. Greene always has one or more pals.

The identity of J. C. Harris, who seems to have played the chief role in the Hanford case, has also been discovered, but Sheriff Buckner is confident that Harris has a record equal to Greene's. He has the most cunning face of the two.

On account of the fact that he has a broken jaw, Greene is very of identification. After looking up his record in the county's gallery, Buckner confronted Greene with it and the prisoner bowed down. He admitted that his true name was John R. Greene and that he had served five years in San Quentin for bunking a San Joaquin county farmer, that Greene did not tell him of his exploits.

The San Joaquin case is famous in the criminal annals of that county. Greene had two confederates and all three were arrested and sent to state's prison. Their victim was an old Hanford banker named Jacob Brack, living at Brack's Landing. The three men posed as professional men, one claiming to be a judge, another a doctor and the third had another handle to his name. They learned in some manner that Brack kept his money in a black box. Greene managed to get a look at it while negotiating with the old farmer to buy his ranch. He procured another box similar to Brack's. The negotiations to buy Brack's farm were continued and when the money to bind the agreement was to be put up, Greene switched the boxes in about the same manner as he did the hairy sacks with Brack, and Brack parted with \$5000.

The three men were arrested and convicted. The sheriff said that they were model prisoners and they were given light sentences, Greene getting the heaviest sentence, five years. This was in 1895.

Upon his release from San Quentin, Greene went to Virginia, where he banked a farmer. Later he appeared at other places in the East and made two or three crooked schemes, always managing to escape.

About six years ago Greene returned to California and turned a big trick in Oakland, his victim being another Stockton man. He and a companion passed themselves off as miners, living in a tent just outside the city. They met John Jackson, a capitalist of Stockton, on the morning. Jackson was the owner of the celebrated Jackson's Buttes of Stockton and was known as a shrewd business man. Greene and his pal sold him a gold brick. They allowed him to test it and a hole was bored in solid gold, the brick having been especially prepared for the occasion. Jackson parted with \$17,000 and it was not until several days later that he discovered that he had a gilded brick. Greene escaped with the money and no trace had been found of him until he ambled the Hanford "good thing," Greene's criminal record and photograph are in Sheriff Sibbey's rogues' gallery and when his picture was sent to Stockton by Sheriff Buckner he was easily recognized.

Yesterday afternoon Greene went with Sheriff Buckner to search for a satchel which he said contained his change of clothing and which he hid under a covert. The search was not successful.

## CHIEF SHAW AFTER UPSON

Will Keep After Him Till He Quits Illegal Business.

Upson Does Not Want Smith or Briggs to Try His Case.

Chief of Police Shaw last night gave out his first official statement as to what he intends to do with the tenderloin cell on at least that portion of it under the control of J. H. Upson, who was arrested with Judge Briggs several times Saturday and Sunday night. The chief says that he intends to keep after Upson until he quits his business or leaves Fresno.

"I told Upson," said Chief Shaw last night, "that I would keep my men trotting him to jail as fast as he could get released until he quits that place across the track. The statement that Judge Smith and myself had a difference with regard to the releasing of Upson and his woman is not true. I agree with Smith that the girls are entitled to a measure of sympathy for they were driven by Upson into going back to that place. Upson was arrested for the first time Friday night and was released by Judge Briggs the next day on a bond of \$200. He had his woman go right back to that place and go to work again and I had him arrested Saturday night. When he was before Judge Briggs Saturday, Judge Briggs told him that he would have to seek a release before he could get out of his business after that hour. Now I rang up Judge Smith and requested of him that he not release Upson on the same bond that the man had given Judge Briggs but would require a new bond to be \$500. Smith replied that Attorney Brickley had just secured a release from him."

"Smith stated, as it has been reported, that he would release the girls because he had sympathy with them and that he would have to release Upson to be consistent. He did not understand the situation. Upson is the very man I am after because he is defying the law and I myself don't care so much about the girls because Upson drove them to their task."

Upson said last night that he will ask for a change of venue as he does not want either Smith or Briggs to try the case against him.

Upson's reasons for not caring for Judge Briggs are because, probably, the judge began to get weary of getting out of bed every hour to sign release orders on Saturday night, so finally let the man stay in jail all night after his last arrest. With Judge Smith it was somewhat easier, as the justice accommodated him with releasing the women every time they got in jail. But even with this concession Upson appears to look askance at his chances of getting the kind of justice that would suit him there and will leave that Smith of Lorton try the case.

## STOCKTON WOMAN KILLED HERSELF BECAUSE DESERTED

STOCKTON, Oct. 22.—A woman known as Alice Wilson, who has been the companion of Sam Wilson, attempted suicide this morning by drinking carbolic acid. She was taken to the Emergency hospital, however, and her life saved. Letters she wrote indicate that the deed was prompted by the fact that Wilson had gone away with another woman. She gave her true name as Effie Annetta Donnelly, and wrote that her foster father is P. W. Bidewsky of Oakland, and her aunt being Mrs. Perkins, 906 Twenty-seventh street, Oakland.

Actress Killed by Strangling. CHICAGO, Oct. 22.—When the body of Mrs. Margaret Leslie, an actress, was found recently in a room in the Palace hotel, it was reported to be a case of suicide, but lately the police have been investigating to see if the woman was murdered. Today the coroner's physician declared that the woman probably was strangled to death. There is no clue to the murderer.

Mexican Revolutionists Arrested. EL PASO, Tex., Oct. 22.—Juan Saravia, one of the men arrested by the Mexican police in Ciudad Juarez, opposite El Paso, it develops, was a member of the St. Louis junta. He was in disguise. All the prisoners have been removed to Chihuahua, 225 miles from the border, where they were arrested.

The Danish Lutheran Church of Central Colony will hold a Bazaar for the benefit of the church at the residence of F. W. Hansen, Elm Ave., north of the church, Wednesday, October 23d. Commences at 10 a. m. Contributions from friends of our church will be received by Mrs. J. N. Rasmussen, Elm Ave., Mrs. E. P. Petersen, West Park, and Mrs. F. W. Hansen, Elm Ave., Central Colony. There will be a literary program in the evening at 8 p. m. Everybody is invited, and don't forget to give us a call. Lunch will be served on the ground.

Judge Hart Has Diphtheria. SACRAMENTO, Oct. 22.—Superior Judge E. C. Hart, Republican candidate for justice of the Third district Appellate court, is confined to his residence in this city with a severe attack of diphtheria.

## BABES BURNED IN CABIN FIRE

Mother Had Left Two Children Alone.

Father a Work In Shaver Mill Saw Home a Mass of Flames.

Two little children suffered a terrible death last evening at Shaver, being burned to death in the pine cabin used as the family home. The two little ones were the children of George W. Gardner, an employee of the mill, who was just about to quit his work and return to the house when the alarm of fire was raised, about 6 o'clock in the evening.

Mrs. Gardner had left the home some little time before to visit a neighbor, leaving there her two babies, the oldest two years old and the other a mere infant. There was a fire in the stove in the kitchen, and it is supposed that the older child opened the stove, in

some way permitting the coals to escape and starting a blaze. From the mill, flames were seen to shoot from the house, which was one of a row of dwellings erected for the mill hands, about sixty rods away. Men rushed to the place, but by the time they arrived the slight structure was so far gone as to make rescue impossible. The loss kept in the mill yard for fire fighting was brought up, but too late to prevent almost entire destruction of the dwelling.

Word of the catastrophe was at once sent to Fresno and shortly afterward Coroner Cowan, with an assistant, left for the mountains to ascertain whether the remains had been discovered and to hold an inquest.

Gardner, the father of the dead children, has been employed in the Fresno Flume and Irrigation company's mill yards for about two years. He is a well-to-do man and great sympathy is expressed for him and his wife.

## Winter Underwear

There's a window at one of the L-street entrances showing some of this good for underwear and it will attract instant attention.

It is made for cold weather, the cotton is heavily fleeced and it is the finest cotton grown—the kind old Maco Bey, a famous Egyptian, introduced; cream or gray fleeced vests, or pants; winter weight; the vest with a high neck and long sleeves; silk hand down the front; finished with pearl buttons.

The pants ankle length with French bands, draw strings at the ankles.

There's at least 75c worth of value in each of these garments and you get them for 49c.

\$1 Kid Gloves 75c. These are real dollar values in French kid gloves. The only reason they may be bought for 75c is the fact that some sizes are missing. We have sizes 5 3-4, 6, 7 1-2, 7 3-4 and 8; colors, reds, grays, browns, black. If your size is here you are welcome to a pair for 75c.

\$4 Gloves \$3.50. The popular 16 button kid glove and its made from the very finest of kids; carefully selected, matched too. You know some times one glove will wear out quicker than the other. Not these, however. They are too well made for that. All shades and all sizes.

## 6700 Yards of 20c Ribbon, Yard 12c

It's another of those ribbon sales that have made this store famous. We have had many good ribbon values in the past, but these special ribbons for tomorrow are far ahead of all previous offerings.

We got them from one of the largest ribbon mills in New Jersey. They were originally made for another store, but through a misunderstanding, were not accepted, and came to us at a cut price.

They are all pure silk taffeta ribbons 3 1-2 and 4 inches wide; very heavy silk; good colors among them, the right shades of blue, pink, navy, brown, Nile, lavender, red, black and white.

The sale starts this morning and continues until the entire lot is sold. Better get here promptly today—we know how strong the demand will be.

## Blankets—Comfortables, Lower Prices

The little cold weather we have had accentuates the importance of these blanket and comfortable specials. This store has ever been alert to provide timely bargains.

You get a choice of the very best of fall and winter styles and you get a selection from high grade materials. There is a distinctive charm about each of the suits—character and individuality; there are not two just alike. We got them unexpectedly. They were offered to our New York buyer by one of the best suit makers in the country, at a price that made him eagerly reach for them. They are ready today. See them, compare them with what you find in other stores and you will appreciate this offer more.

Military, Prince Chap, Eton, Pony Jacket or blouse styles in broadcloths or chevrons; some trimmed with silk satche braids in contrasting colors or to match; circular gored skirts with side plaits.

Very catchy and graceful garments and decidedly underpriced.

## \$7.50 Petticoats \$4.98

We place on sale today some very charming chiffon taffeta silk petticoats, made with double ruffles, three rows of shirring and some with a ginch accordion plaited flounce, plaited ruffle and under ruffle; plain or two toned color effects. A silk skirt that is a remarkably good value. Full of graceful elegance and made of aristocratic silk. It's well worth coming for.

## More Beautiful Hats \$4.98

Hats that create a sensation when the price is known. To look at them you would mentally price them at \$7.50 and \$8 and you would not be wrong. They were made to sell at those prices, but we managed to get several hundred much under price.

Here's one in black, white or pearl, made with a round crown and the high rolling brim, trimmed around the crown with bands of velvet, the outer brim trimmed with a rosette of velvet, gilt cabochon and quills; the brim edged with a wide band of velvet.

Another is for young girls; a stylish dress hat made of fine English wool felt, trimmed with silk finish velvet, imported fancy feathers and plaited silk and a rosette centered with an ornament; colors, gray, green, garnet, navy, brown black.
